HIGH SPEED RECEIVERS: FASTER RESPONSE MEANS MORE ACCURATE SOUND.

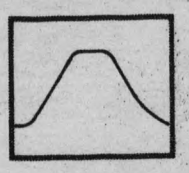
The new Kenwood receivers actually outperform all other receivers, as well as our competitors' separate amplifiers and tuners in transient response.

The reason is Kenwood's exclusive technical breakthrough: Hi-Speed. It allows our receivers to react more quickly to musical changes. So what comes out of your receiver matches precisely what went in.

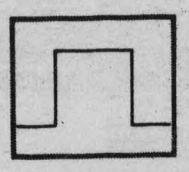
You'll hear the difference as dramatically accurate, open sound with superior imaging and detail. Like hearing an individual singer in a vocal group.

Hi-Speed is available in four models, all DC-amplified for clean bass response. Each one also has switchable wide and narrow IF bands for low-distortion FM reception, plus dual power meters.

And each Hi-Speed receiver has unique individual features that make a real difference in the tonal quality of music. Like dual power supplies that eliminate crosstalk distortion. Or a pulse count detector that digitally reduces FM distortion by half while significantly reducing background noise. Or a built-in equalizer with ten turnover frequencies for full acoustic control.



Distorted waveform response produced by conventional receiver.



Square waveform response of Hi-Speed receiver.

Whichever model you choose, you'll be getting the most advanced receiver technology and performance available today. Advances far beyond the competition.

Your Kenwood dealer will be happy to demonstrate Hi-Speed, now.

Zenith's new integrated stereos. Soundin' good.

These new Zenith integrated stereos have features you'd expect to find only in fine components.

The AM/FM receivers have the kind of sophisticated audio controls you need to make good sound even better. Twin filters to minimize noise at high and low frequencies. FM mute. Tuned RF for greater FM selectivity. A loudness switch. Detent tone and volume settings. Precision flywheel tuning. And much more.

Each of the automatic turntables has an acoustically superior S-shaped tone arm . . . balanced for the lightest possible touch. And you can set it down nice and easy with the viscous damped cueing lever. So you can be confident that the sensitive magnetic cartridge and your valuable albums are well protected. There's also an anti-skate control to help eliminate skipping and uneven record wear.

You have a choice of 8-track or cassette. There are even models with both. Whichever you choose, you'll get twin VU meters and the controls you need to assure the best possible tape recording and playback.

For fine, matched sound reproduction, choose Allegro 1000, 2000 or 3000 speakers. With woofers, tweeters and tuned ports. They're so efficient that comparable size air-suspension speakers need *twice* the amplifier power to match their sound reproduction.

Zenith integrated stereos are soundin' good. Hear them at your Zenith Dealer, today.

The quality goes in before the name goes on.

Armory Registration Schedule

Priority for New Students and Special Problems

Newly admitted, reinstated and readmitted students who were unable to preregister and those students meeting the criteria for Schedule II will have priority admission to the Armory. This priority access is designed to: 1) help eliminate the overcrowding in the Armory, 2) enable students who really need courses (new registrants and people with partial schedules) the opportunity to register first, and 3) encourage students to take advantage of preregistration and thus avoid the necessity of going to the Armory.

SCHEDULE I — Nonpreregistered newly admitted, readmitted, and reinstated students
Monday, August 20 — 8:30 a.m. to 3:55 p.m.

This schedule will apply to newly admitted, readmitted, and reinstated students who did not preregister. Students in this category should report directly to Reckord Armory according to the alphabetic schedule. Newly admitted students and reinstated students must present their Letter of Admission/Reinstatement signed by their Provost, Dean, or designated representative, to be permitted to enter the Armory. Readmitted students must present their Letter of Readmission to be permitted to enter the Armory. While advisement is not a prerequisite for Armory admission for readmitted students, these students are strongly urged to take advantage of campus advisement offices. Only students who had no opportunity to preregister may register according to this schedule.

Step 5 — How To Pay Your Bill

IF YOU DID NOT PREREGISTER	IF YOU DID PREREGISTER
Complete academic course sectioning. Complete the Student Bill Form given to you upon entrance to the Bill Paying Area at Station #1. Go to Student Aid Desk if you have any form of student aid financial support coming to you. Go to the Bill Paying Area — Station #2 to get bill added. Go to Station #3 to obtain a payment card. Make out your check at the Check Writing Tables, Station #4. *Write student's name and social security number on the front of the check.* Pay the Cashier at Station #5. Turn in all course slips at the Final Registration Desk, Station #6, as you exit the main floor of the Armory. Registration is not official until "Registrations" (hard copies) of add forms are turned in. A graduate student or part-time undergraduate who returns to add course(s) which result in a net increase to his/her account must pay this amount by August 24, 1979.	Make any academic schedule adjustments. Do not enter the Bill Paying Area enclosure. Drop tuition payment in box at the Bill Paying Area entrance gate unless you require change from a check. *Be sure student's name and Social Security Number is written on the front of your check.* If you require change or a receipt, go to the Cashiers Cage in the South Administration Building and make your payment. Any drop/add which results in a net increase to your account must be paid by August 24, 1979. Any preregistered student whose bill is to be paid by an outside agency is requested to come to Room 1103, South Administration Building with a copy of the Agency Purchase Order prior to Registration to receive contract credit. The cut-off date for acceptance of all contracts is August 24, 1979. The student remains responsible for fees if not paid by sponsor. Exit via the rear door of the Armory.

Bills for payment of fees were mailed in July 1979 to students who preregistered for Fall 1979. Since the University has no deferred payment plan, PAYMENT IN FULL MUST BE MADE NO LATER THAN AUGUST 24, 1979, BY BOTH PREREGISTERED AND REGULAR REGISTRATION STUDENTS. Accounts not paid by August 24, 1979, are delinquent and subject to referral to the State Central Collections Unit at Baltimore.

Students who did not preregister and do not pay their bills while in the Armory have not completed registration. As a courtesy, the registration packet will be held at the Final Registration Station until full payment is made. Proof of payment must be shown by Friday, August 24, 1979, and the packet picked up. If the packet is not picked by August 24, 1979, when the Armory Registration closes, the packet will be held at the Registration Counter, first floor, North Administration Building through Late Registration. However, the Late Registration Fee ($20.00) is charged beginning August 27, 1979. Failure to pick up packet will result in no registration for the semester and no grades.

For additional information on fees and expenses, refer to pages 12 and 13.

Financial Aid Checks (NDSL, BEOG, SEOG)

Financial aid checks will be available in the Armory on August 20 and 21 for non-preregistered students only. Financial aid checks will be available in the Armory for all students (new registrants and preregistered students) on August 22, 23, and 24. After August 24 financial aid checks may be picked up in Room 1103 of the South Administration Building between 9:00 a.m. and 4:00 p.m., Monday through Friday. Checks should be picked up as soon as possible as all remaining checks will be cancelled and returned to the State Treasurer. You must have your ID and proof of credits pre-registration card and/or add slips) in order to obtain your check.

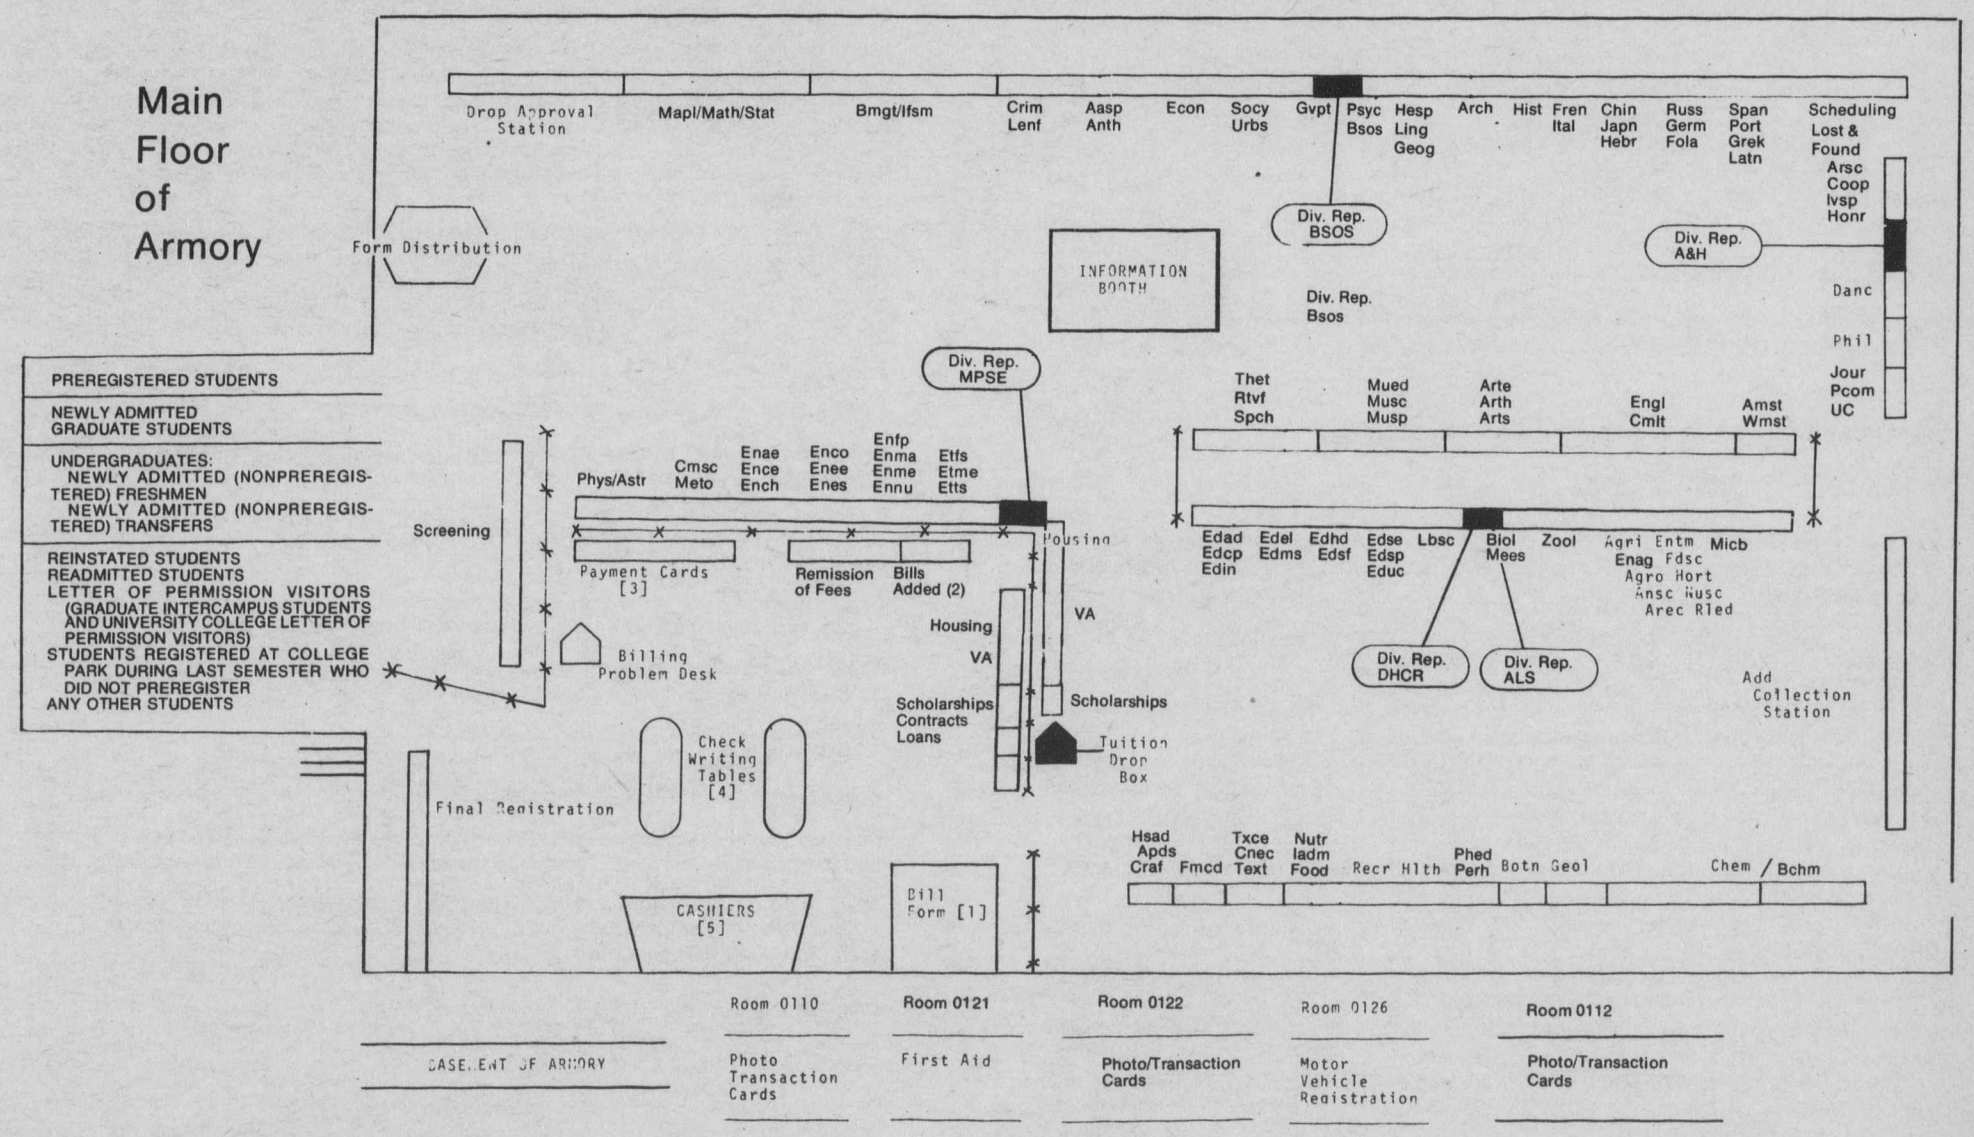
Step 6 — What To Do in the Armory Basement

Identification Cards

Students entering the Armory basement from the upper arena will be directed to the Photo Identification Stations where they will be photographed and/or issued their Registration Card. Students who received Photo Identification Cards since the Fall 1976 semester should continue to use them. Preregistered students who need only to replace an ID Card may enter the Armory basement at the side facing the North Administration Building.

Vehicle Registration

Students who wish to register their motor vehicle(s) will be directed to the northwest door of the Armory basement. Signs will be posted along the north walkway directing students to the northwest door. Students will enter Room 0126 to complete their vehicle registration applications and then proceed to the west corridor to receive validations. Students will exit through the southwest door.



Continuous Registration

(Graduate Doctoral Students Only)

Following advancement to candidacy by the Graduate Council for the doctoral degree, every graduate student must register each fall and spring semester until the degree is awarded. Contact the Dean for Graduate Studies and Research for more complete information. (454-5428)

University College Students

UMUC students *who have completed a minimum of 15 semester hours with UMUC with at least a "C" (2.0) cumulative grade point average,* are eligible to register at UMCP. They must obtain a letter of permission from the UMUC Office of Admission and Registration Services and present it at the Armory in order to complete registration.

Deadlines for Graduate Students and Part-time Undergraduates

Full-time undergraduate students do not receive a refund for courses dropped if the total number of credits for which they are registered remains 9 or more.

PRIOR TO THE FIRST DAY OF CLASSES (AUGUST 20-21), if a full-time undergraduate student drops a course or courses, thereby changing the total number of credits for which the student is registered to *8 or less,* charges for the semester will be assessed on the basis of the per credit hour fee for part-time students. However, if the student later adds a course or courses, thereby changing the total number of credits for which the student is registered to *9 or more,* the student will be billed for the difference between per credit hour fees paid and the general fees for full-time undergraduates.

If during the FIRST FIVE DAYS OF CLASSES (AUGUST 22-28) a full-time undergraduate drops a course or courses thereby changing the total number of credits for which he/she is registered to eight or less, charges for the semester will be assessed on the basis of part-time charges plus 20% of the difference between the full-time fees and appropriate part-time charges. After the first five days of classes, there is no refund for changing from full-time to part-time status.

SEPTEMBER 6 AND AFTER — $2.00 fee is assessed for *each* drop processed (to be billed).

This applies to both graduate and undergraduate students.

Refund Schedule for Dropping Courses
Graduate Students and Part-time Undergraduates

Both graduate students and part-time undergraduates are charged by the credit hour. A percentage charge and/or complete charge for the course may be imposed if the deadlines indicated below are not followed:

1. August 20-21 (prior to the first day of classes) ..... 100% refund.
   There will be no charge for courses *dropped* on these two days.
2. August 22-28 (first five days of class) ..... 80% refund
   There will be a 20% charge imposed for courses *dropped* during this period.
3. August 29 and after ..... 0% refund.
   Student will incur full charge for courses *dropped* during this period.
4. September 6 and after: a $2.00 charge is imposed for *each* drop processed (to be billed).

Students who wish to drop one course and add another at the same credit level should accomplish both transactions on the *same day* to insure additional charges are not imposed.

NOTE: A drop of one course and a credit level change of equal amount in another course, even if accomplished on the same day, *is not* considered an "even exchange" and appropriate charges for both courses will be imposed.

Candidates for December 1979 Graduation

An application for graduation must be filed in the Registrations Office by September 12, 1979. Applications are available at the Registrations Office Counter, 1st Floor Lobby, North Administration Building, 9:00 a.m. to 4:00 p.m., Monday through Friday, and in all Provosts' and Deans' Offices, 8:30 a.m. to 4:30 p.m., Monday through Friday.

It is imperative that students who wish to request a review of their eligibility for an in-state classification submit the required documents to the appropriate office as soon as possible. An unofficial transcript will be available with your preregistration materials each semester. This copy is for your personal use and serves as a way for you to check the accuracy of the record. At other times unofficial transcripts are not available unless required for on-campus advisement purposes for currently enrolled students. Division and College offices on campus have record information for purposes of changing Division/College, etc.

If you have need of record information for other purposes, please request an official transcript at the Registrations Office, North Administration Building. Official transcripts are generally processed within a week and on occasion, the same day. Request must be in writing. A transcript cannot be processed if an outstanding debt is owed to the University. Contact the Registrations Office if you have further questions.

Change of Address Procedure

Changes in either local mailing address or permanent address can be processed AT ANY TIME DURING THE SEMESTER IN WHICH THEY OCCUR. Address changes are posted to the computer by the Office of the Bursar. Address Change Forms are available at the following places:

During the academic year the permanent address for currently registered students will be used for grade reports, combined preregistration schedules and bills, and other billings. The local address on file for currently registered students will be used for all other mailings. The permanent address on file for students not currently registered will be used for all mailings. Any student wishing his/her address to be kept confidential should contact the Registration Counter.

500-599	5 Units per credit
600-898	6 Units per credit

3. *Graduate Assistants*

Graduate students who are graduate assistants will be certified full time if their assistantship is confirmed in writing by Graduate School and they are taking 24 units. This must be done each semester. Please note . . . the Veterans Administration's definition of "full time" for Graduate Assistants differs from the University of Maryland definition and should be used only for VA purposes.

4. *Veterans Responsibility*

It is the responsibility of veterans and dependents receiving V.A. benefits to notify the University V.A. Certification Office of every change of course or program at the time the change is submitted to the University. This includes the following:

Returning Students Program

Are you 25 or over and beginning or coming back to school after a break in your formal education? If so, the Returning Students Program, located on the second floor of the Shoemaker Building in the Reading and Study Skills Lab, offers you many resources. The Returning Students Program's professional counselors and returning students trained as peer advisors are available to help you. Call 454-2935 or stop by to see us. Our free workshops in study skills, time management, goal setting, exam skills, and library skills are scheduled several times during each semester. EDCP 108R — a one-credit College Aims course for returning women is offered Fall and Spring semesters, and EDCP 498F — Student-to-Student Counseling Course for Returning Students, a three-credit course to train peer counselors, will be offered Summer Session I.

Golden Identification Card Program

The College Park campus participates in the University of Maryland's Golden Identification Card Program. The campus makes available various courses and services to persons who are 60 years of age or older by the first class day, residents of the State of Maryland and retired (not engaged in gainful employment for more than 20 hours per week). When persons eligible for this Program apply for the Program or are newly admitted to the Program, they may register for credit courses as regular or special students in any session. Tuition and most other fees are waived. The Golden Identification Card entitles eligible persons to certain academic services, including the use of the libraries, as well as certain other non-academic services. Such services are available during any session only to persons who have registered for one or more courses for that session. A card is issued after registration. For further information, please contact the Registrations Office, North Administration Bldg., 454-5559.

Experiential Learning Programs

0119 Undergraduate Library Building, 454-4767

What is Experiential Learning?

Experiential learning is one of the University's most exciting learning opportunities. It provides the student with an understanding of the relationship between theory and practice and the practical work experience which is invaluable for advancement in a career. Experiential Learning Programs (ELP) offers three major programs and directs students to several different options, all of which are designed to give them first-hand experience:

Volunteer Service/Learning

ELP maintains a listing of field experience opportunities in over 500 different organizations in the metropolitan area which have expressed an interest in having University students work with them. With this information and the help of peer advisors, students can arrange placements relating to a wide range of majors and interests.

Internships

An internship is a work experience granted academic credit. As in the volunteer program, students use the ELP listings to locate placements, then negotiate with a faculty member to receive academic credit. Usually, the professor will want the student to produce a product connecting the studentS WORK EXPERIENCE WITH APPROPRIATE THEORETIC BACKGROUND. After all details are worked out, the professor, student, and organization supervisor draw up a learning contract to assure that all parties understand what is expected.

Cooperative education

Cooperative education is our most intensive way to learn by doing. Students alternate two semesters of full-time, fully paid work in business, industry, or government with a semester of full-time study. By the end of this work-study-work sequence, students have gained excellent professional training and have defrayed a good portion of their educational expenses.

Job Referral Service

Students, do you need to earn money to help pay tuition, bills, not to mention eat? Do you need to develop skills and clarify your interests? If so, the Job Referral Service is here to help. We seek and maintain listings of available jobs for students from area employers. Any student who is currently registered for classes at the University of Maryland may use the JRS. Trained peer counselors will give you information about the job openings. It is then your responsibility to contact the prospective employer and put your best foot forward.

Campus employers, are you seeking part-time or temporary employees? If so, call the Job Referral Service Monday-Friday, 8:30 a.m.-4:30 p.m. to list your job vacancies.

We are located in Room 0127 of the Foreign Languages Building. Call 454-2490 or stop by to make an appointment. The office is open for referrals 12:00 noon-3:30 p.m., Monday-Friday. Calls are invited daily between 8:30 a.m. and 4:30 p.m.

Financial Information

Fees and Expenses

ALL STUDENTS WHO PREREGISTER FOR THE FALL SEMESTER INCUR A FINANCIAL OBLIGATION TO THE UNIVERSITY.

The University of Maryland does not have a deferred payment plan. Payment of all past due balances and current semester fees is due on or before August 24, 1979.

It is the policy of the University *not* to defer payment of fees on the basis of a pending application for financial assistance to an outside agency. This includes Veterans Administration, banks, guaranteed student loan programs, etc.

Returning students will not be permitted to complete registration until all financial obligations to the University including current semester fees, library fines, parking violation assessments and other penalty fees and service charges are paid in full. If a student registers without proper financial clearance from the Office of the Bursar, his/her registration will be cancelled without further notice. If a student becomes financially ineligible after preregistering, his/her preregistration will not be processed unless and until his/her account balance is paid in full.

Although the University regularly mails bills to students, it cannot assume responsibility for their receipt. Students are urged to obtain a copy of their financial account in Room 1103 of the South Administration Building between the hours of 8:30 a.m. and 4:15 p.m., Monday through Friday if they are not certain their account is paid in full. Students may also obtain their account balance by phoning 454-4832.

All checks or money orders should be made payable to the University of Maryland for the exact amount due. The student's social security number must be written on the check. In cases where the University has awarded a grant scholarship, or workship, the appropriate amount will be deducted on the bill, mailed approximately one month after the start of the semester.

Students will be severed from University services for delinquent indebtedness to the University which occurs or is discovered during a semester. In the event that severance occurs, the individual may make payment during the semester in which services were severed and all these services except housing will be restored. For a student who lives in on-campus residence halls, and who fails to fully resolve any outstanding balance, the severance of housing services means that (1) the student must leave residence halls, (2) the student's room is assigned to another student, and (3) the severed student may reapply for housing services, if the account is later satisfactorily resolved and other University services are restored, and be placed last on a waiting list for available on-campus housing spaces. Students who are severed from University services and who fail to pay the indebtedness during the semester in which severance occurs will be ineligible to preregister or register for subsequent semesters until the debt is cleared. In the event of actual registration in a later semester by a severed student who had not settled the student account prior to that semester, such registration will be cancelled and no credit will be earned for the semester.

Restoration of Services Fee: $25.00. Students who fail to pay the balance due on their accounts will have their University services severed. In order to have the services restored, students will be required to pay the total amount due plus the $25.00 Restoration of Services Fee.

The State has established, under legislative mandate, a CENTRAL COLLECTIONS UNIT within the Department of Budget and Fiscal Planning. This campus has been instructed that all delinquent accounts must be transferred to the State Collections Unit.

ALL ACCOUNTS DUE FROM STUDENTS, FACULTY, STAFF,
NON-STUDENTS, ETC. ARE INCLUDED WITHIN THESE GUIDELINES.

Collection costs incurred in collecting delinquent accounts will be charged to the student. The University is required by State law to refer all past due accounts to the State Central Collections Unit. The minimum collection fee is 15% plus any attorney and/or court costs.

No degree will be conferred, no grade issued, nor any diploma, certificate, or transcript of record issued to a student who has not made satisfactory settlement of his or her account.

Explanation of Mandatory Fees

The Application Fee for the undergraduate programs and the summer sessions partially defrays the cost of processing applications for admission accepted in lieu of the matriculation fee. Applicants who have enrolled with the University of Maryland in University College at College Park or Baltimore, or at one of its off-campus centers are not required to pay the fee since they have already paid a matriculation fee.

The Fixed Charges Fee is charged to help defray the cost of operating the University's program at College Park.

The Instructional Materials Fee represents a charge for instructional materials and/or laboratory supplies furnished to students.

The Athletic Fee is charged for the support of the Department of Intercollegiate Athletics. All students are encouraged to participate in all of the activities of this department or to attend the contests if they do not participate. This fee is not refundable.

The Student Activities Fee is a mandatory fee included at the request of the Student Government Association. It is used in sponsoring various student activities, student publications, and cultural programs.

The Recreational Facilities Fee is paid into a fund which will be used to expand the recreational facilities on the College Park campus, especially the Student Union Building.

The Auxiliary Facilities Fee is paid into a fund which is used for expansion and operation of various facilities such as roads, walks, campus lighting and other campus facilities. These facilities are not funded or are funded only in part from other sources.

The Student Health Fee is paid by all full-time students (9 credits or more, Graduate or Undergraduate) each semester — $11.00; and all part-time students (8 credits or less, Graduate or Undergraduate), each semester — $6.00. Full-time employees and staff may not use Health Service Facilities and are not charged the Student Health Fee. Graduate Assistants are not full-time employees. This fee is not refundable.

Registration Fee: $5.00. Charged to all registrants each semester. This fee is not refundable.

Other Fees

Application Fee: $15.00

Pre-College Orientation Program Registration Fee: $31.00 (two day program)
$18.00 (one day program)
$ 6.00 (early arrival)
$10.00 (per parent)

Late Application Fee: $25.00

This Special Math Fee is in addition to course change. Students enrolled in this course and concurrently enrolled for 6 or more credit hours will be considered as full-time students for purposes of assessing fees. Students taking only MATH 001 pay for 3 credits plus $75. A 3 credit course plus MATH 001 results in a charge for 6 credits plus $75. A full-time student pays full-time fees plus $75.

Fees for Auditors and courses taken for audit are the same as those charged for courses taken for credit to determine whether or not an undergraduate student is full-time or part-time for fee assessment purposes.

Special Students are assessed fees in accordance with the schedule for the comparable undergraduate classification.

Late Registration Fee: $20.00. All students are expected to complete their registration including the filing of Schedule Adjustment Forms on the regular registration days. Those who do not complete their registration during the prescribed days must pay this fee.

Property Damage Charge: Students will be charged for damage to property or equipment. Where responsibility for the damage can be fixed, the individual student will be billed for it; where responsibility cannot be fixed, the cost of repairing the damage or replacing equipment will be prorated among the individuals involved.

Service Charges for Dishonored Checks: Payable for each check which is returned unpaid by the drawee bank on initial presentation because of insufficient funds, payment stopped, post-dating drawn against uncollected items, etc.

For checks up to $50.00: $5.00
For checks from $50.01 to $100.00: $10.00
For checks over $100.00: $20.00

When a check is returned unpaid, the student must redeem the check and pay any outstanding balance in the account within 10 days or all University services may be severed and the account transferred to the state Central Collection Unit for legal follow-up. Additionally, a minimum 15% collection charge is added to the charges posted to the student's account at the time the transfer is made.

Library Charges: $ .25 — Fine for failure to return a book from General Library before expiration of loan period: per day. Payment of Fees: All checks, money orders, or postal notes should be made payable to the University of Maryland. **The student's social security number must be written on the front of the check.**

Change of Registration Fee: $2.00 for each course dropped or added after the Schedule Adjustment Period.

Special Examination Fee: $30.00 per course for all undergraduates and full-time graduate students. Credit-hour charge for part-time graduate students. (See page 21 for definition of full-time and part-time graduate status.)

Restoration of Services Fee: $25.00. Students who fail to pay the balance due on their accounts will have their University services severed. In order to have the services restored, students will be required to pay the total amount due plus the $25.00 Restoration of Services Fee.

Withdrawal and Refund of Fees

No part of the charges for room and board is refundable except when the student officially withdraws or is severed or dismissed from the University or when the student effectively completes residence halls and/or dining services contract release procedures. When the student completes the residence hall contract release procedures, a room refund will be computed based upon the requested release date and the date the request for contract release is received by Resident Life. Refunds for housing services are made on a pro rate weekly basis.

In computing refunds to students who have scholarships and loans from University funds, the computation will be made in such a way as to return the maximum amount to the scholarship and loan accounts without loss to the University.

A part-time or full-time undergraduate who drops MATH 001 will receive an 80% refund of the $75.00 fee if the course is dropped during the first five (5) days of classes, and 0% thereafter. MATH 001 will still be counted in the determination of hours for full-time or part-time status, notwithstanding the refund policy.

Bills for payment of fees were mailed in July 1979 to students who preregistered for Fall 1979. Since the University has no deferred payment plan, PAYMENT IN FULL MUST BE MADE NO LATER THAN AUGUST 24, 1979, BY BOTH PREREGISTERED AND REGULAR REGISTRATION STUDENTS. Accounts not paid by August 24, 1979, are delinquent and subject to referral to the State Central Collections Unit at Baltimore.

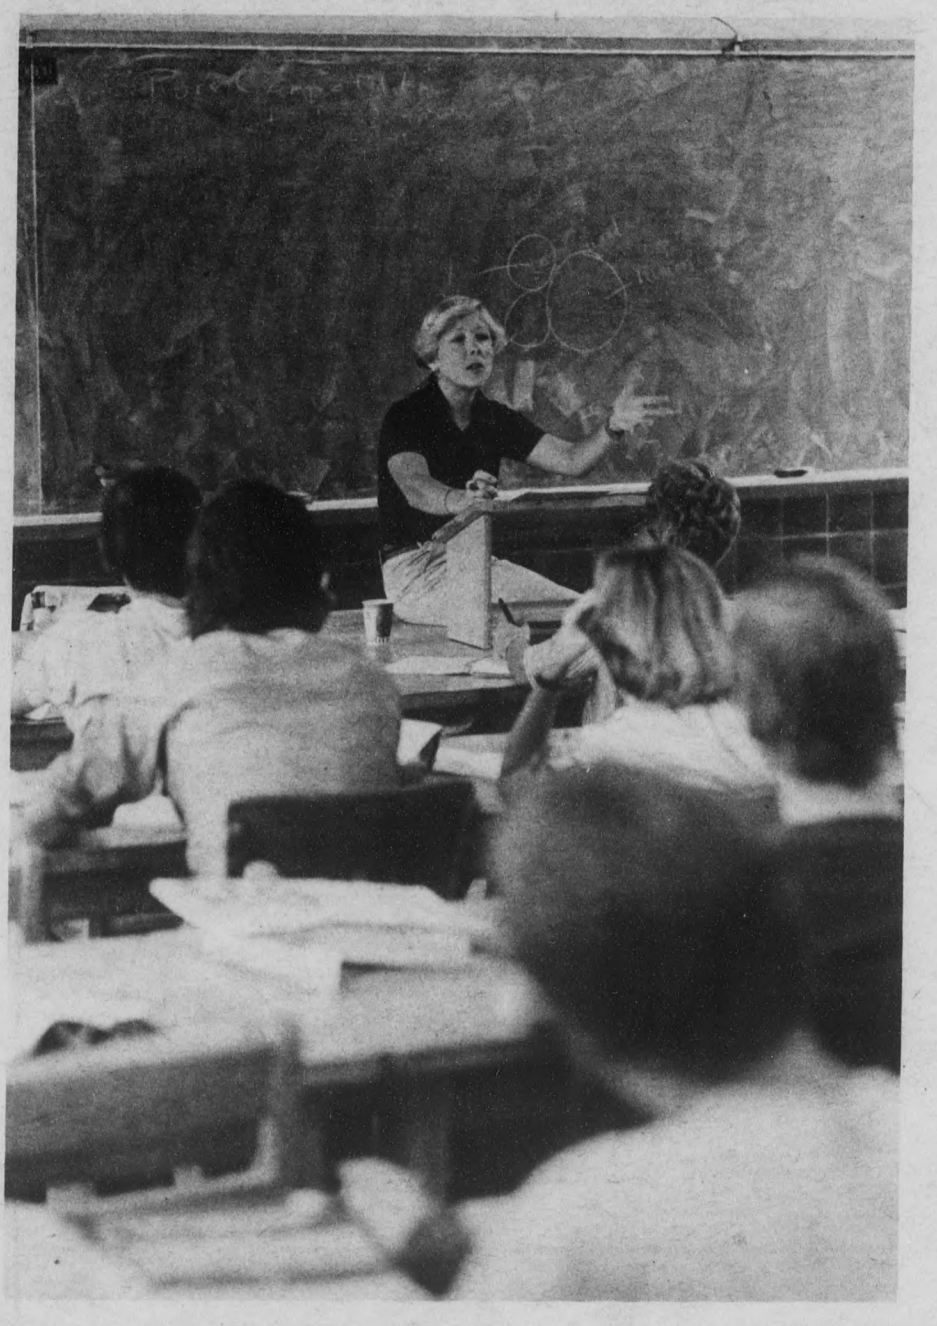
For student convenience, payment by mail is encouraged; however, payment may be made also at the Office of the Cashier, South Administration Building, Monday through Friday. Students may pay in person at the Office of the Cashier, 8:30 a.m. to 4:15 p.m. where they are required to present a Student ID card with payment. Also students, if paying by personal check, may drop the payment in the Mail Remittances hallway drop box beside Room 1108, South Administration Building, at any time that the building is open. If a student uses the drop box, the processed check will serve as receipt.

Periodically, during the semester bills will be mailed to students reflecting charges incurred for parking tickets, library fines, course adjustments, etc. These bills are due on receipt. The University cannot assume responsibility for their receipt if bills are not received.

Students who have questions on their bills may obtain print-outs of their financial accounts by coming to Room 1103 of the South Administration Building between 8:30 a.m. and 4:15 p.m., Monday through Friday.

Each student is individually responsible for all of his or her fees and expenses. If a third party, such as an employer, agrees to pay these charges, the student is not relieved of his or her primary responsibility. In the event that such third party fails to honor its agreement, the University reserves the right to bill the students directly. Failure to pay this bill thereafter will result in the suspension of services to the student by the University and transference of the account to the State Central Collections Unit. WHEN A PAYMENT IS MADE TO THE UNIVERSITY, PAYMENT OF ANY OUTSTANDING BALANCE PRECEDES PAYMENT OF CURRENT INDEBTEDNESS. That is, the oldest account balance is liquidated first.

FAILURE TO PAY OUTSTANDING DEBTS WILL RESULT IN SEVERANCE OF UNIVERSITY SERVICES AND TRANSFER OF THE ACCOUNT TO THE STATE CENTRAL COLLECTIONS UNIT. A MINIMUM OF 15% COLLECTIONS CHARGES ARE ADDED AT THIS TIME.



Remission of Fees for Faculty and Staff

Every semester an approved Authorization for Remission of Fees form must be turned in to the College Park Budget Office (Room 1133, Main Administration Bulilding) in order to receive credit on the student bill for courses taken by faculty and staff members. Usually the authorizing department will forward this form directly to the Budget Office. Each faculty and staff member should check with his department to ascertain that the proper forms have been submitted.

Published deadlines and procedures for admission, readmission or reinstatement and registration apply to University faculty and staff who wish to take courses.

[1] Includes mandatory fees: Registration, Health, Athletic, Activity, etc.
[2] Includes mandatory fees: Registration, Health, Athletic, etc.
[3] For billing purposes, undergraduate full-time status is defined as a registration for 9 credits or more
[4] Only available to Juniors, Seniors, Graduate Students, and Commuters.
[5] The special Math fee is in addition to course charge. Students enrolled in this course and concurrently enrolled for 6 or more credit hours will be considered as full-time students for purposes of assessing fees. Student taking only MATH 001 pays for 3 credits plus $75. A 3 credit course plus MATH 001 results in a charge for 6 credits plus $75. A full-time student pays full time fees plus $75.
[6] The charge for concurrent registration in ENCO 408 and ENCO 409 is $65. The charge for concurrent registration in COOP 208 and COOP 209 is $65. This includes the $5.00 Registration Fee.
[7] This is in addition to course charges. There is also a $5.00 per week room charge for students not living in campus housing.
[8] For each course or section dropped or added on or after September 6. A $4.00 fee is charged for each section change ($2.00 for the section added, $2.00 for the section dropped) processed on or after September 6.

* The charge for an AUDIT course is the same as the charge when a course is taken for credit.
** A student who has been admitted to the Graduate School will be charged the graduate credit hour fee for all courses regardless of the level of the course.

An Important Fee Notice. Although changes in fees and charges will ordinarily be announced in advance, the University reserves the right to make such changes without previous announcement.

Students Receiving Financial Assistance

Students on scholarships and grants are expected to maintain a semester credit load of 12 hours. Courses taken as "Audit" cannot be counted toward credit level. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University. Any student receiving financial aid who is contemplating dropping credits should ɜe his/her financial aid counselor *before* taking such action.

Students sponsored by an agency or their employer remain responsible for their fees. When payment is not received by the University from the sponsor, the student will be charged.

Preregistered students' bills will be mailed. Students not preregistered will complete an estimated bill form at registration time. The following information may be helpful:

1. All University scholarships and grants (including BEOG, SEOG, and National Direct Student Loans) will be credited to the bill as designated in the award letter. If not credited on preregistered bill, deduct approved financial aid award amount and pay the difference. BEOG, SEOG, NDSL, and other refundable grant funds not needed to complete payment of the University bill will be available by check from the Office of the Bursar.
2. Financial aid checks (NDSL, BEOG, SEOG) will be available in the Armory on August 20 and 21 for non-preregistered students only. Financial aid checks will be available in the Armory for all students (new registrants and preregistered students) on August 22, 23, and 24. After August 24, financial aid checks may be picked up in Room 1103 of the South Administration Building between 9:00 a.m. and 4:00 p.m., Monday through Friday. Checks should be picked up as soon as possible as all remaining checks will be cancelled. Students must have their I.D.'s and proof of credits (preregistration card and/or add slips) in order to obtain their checks.
3. Other scholarships and grants paid to the University by an outside agency will be credited to the student's bill. (Exception — National Merit Scholarship checks will be available in the Office of the Bursar.)
4. Guaranteed Loan checks are distributed to students by the lending agency, except in those cases where the lending institution sends the check to the University directly. These checks are to be picked up at the Office of the Bursar, Room 1103, South Administration Building.
5. **Dining Hall cash jobs will be paid bi-weekly to student as work is performed.**
6. **Dining Hall Workships (and other University Workships) will be credited to bill as designated in award letter.**
7. **College Work Study and other University student employment will be paid to the student bi-weekly as work is performed.**
8. STUDENTS WHO RECEIVE A NATIONAL DIRECT STUDENT LOAN MUST ATTEND AN ENTRANCE INTERVIEW. The loan credit cannot be posted to the student's account nor a check disbursed if the student has not attended an entrance interview.

A student who has not received final approval of a financial aid award and accepted the award should not expect a credit on his/her bill nor a check at the time of registration. No deferment will be granted and the student should be prepared to pay his/her bill by the first day of classes unless financial aid has been awarded and accepted by the student.

Academic Information

The changes in academic information described on the following pages became effective August 1973 and are applicable only to course work for August 1973 and after.

Retention and Graduation

The University has minimum requirements for retention and graduation. A complete statement of these requirements are located in the *Undergraduate Catalog*.

Outlined below are certain provisions of the ACADEMIC RETENTION PLAN. This material, which was prepared by the Undergraduate Advisement Office, is to assist you in schedule planning and schedule change. It is *not* meant as a substitute for a thorough reading of "Requirements for Retention and Graduation," as found in the *Undergraduate Catalog*.

Table I

The College Park Retention Plan is based on (1) QUALITY POINTS *and* (2) CUMULATIVE AVERAGE. Here's how to compute both.

(1) QUALITY POINTS (Q.P.'s): For each semester, Q.P.'s are awarded for grades of A, B, C, D, P, and S. To figure how many Q.P.'s you have earned, or expect to earn, for each of your courses, do the following:

Q.P.'s given for expected or Actual Grade		Number of Credits in The Course		Total Quality Points for the Course
	A= 4 B= 3 C= 2 P= 2* S= 2* D= 1 F= 0	×	=	

EXAMPLE: Semester Schedule of 15 Credits —

Course	*Grades*	*Credits Earned*	*Q.P.'s*
ENGL 101	C	3	6
MATH 110	B	3	9
ZOOL 101	A	4	16
EDIN 101	P*	2*	4*
PSYC 100	D	3	3
		15	38

*These count only in figuring your Q.P.'s for the semester. They are not counted in your cumulative average.

(2) CUMULATIVE AVERAGE: Your cumulative average is based on TOTAL CREDITS ATTEMPTED — Any course you've ever taken at any of the University campuses for which you've been assigned a Grade of A, B, C, D, or F — and the TOTAL NUMBER OF QUALITY POINTS you've earned for these courses. (See Note below for Repeated Courses). Courses for which a Grade of "P" or "S" has been assigned are NOT included. To figure your cumulative average do the following:

NUMBER OF Q.P.'s EARNED		NUMBER OF CREDITS ATTEMPTED		CUMULATIVE AVERAGE
	÷		=	

EXAMPLE: Semester Schedule of 15 Credits (See Example Above)

Course	*Grades*	*Credits Attempted*	*Q.P.'s*	*Cumulative Average*
ENGL 101	C	3	6	
MATH 110	B	3	9	
ZOOL 101	A	4	16	Q.P.'s Earned — 118
EDIN 101	P	(2)	(4)	÷
PSYC 100	D	3	3	Credits Attempted — 40
Current Semester Totals		13	34	=
Previous Semester Totals		27	84	2.95
Total Credits		40	118	

Note: If you repeat a course that you took in the Fall Semester, 1973, or any semster since then, count only credits and quality points for the higher grade received for that course when figuring total credits attempted and total quality points.

Table II

MINIMUM QUALITY POINT REQUIREMENT:

If, at the end of Schedule Adjustment Period (First 10 days of classes) You are officially registered for:

12 or more credits	11-9 credits	8-1 credits
You must earn for this semester a minimum of:		
24 Quality Points (On grades of A, B, C, D, P, and S. Marks of F, W, and I do not confer Quality Points) Note: See Table III, below for exceptions	22 Q.P.'s for 11 credits 20 Q.P.'s for 10 credits 18 Q.P.'s for 9 credits	For part-time students there is no minimum quality point requirement. Note: If you have completed 45 credits, you must fulfill the cumulative average requirement, below.

CUMULATIVE AVERAGE REQUIREMENT:

If at the end of last semester, your total number of credits completed was 45+ or more, then at the end of this semester you must have:

The Minimum Quality Point Requirement (Full-time Students — 9 or more credits)		A Cumulative Grade Point Average of 1.95 (Full-time *and* Part-time Students)
	and	

+On your grade report for last semester, add "hrs. attempt." *and* "transfer credit level" and pass-fail courses to see if you have 45 or more.

Credits completed with grades of A,B,C,D, and F, but not S,W,P or I will be used in the computation of the cumulative average.

If these requirements are not met, Academic Probation will result. Two consecutive or four non-consecutive semesters of Academic Probation will result in Academic Dismissal.

Table III

Are you registering at the College Park Campus for the *First Time*? If so, then here's what you need to earn in your first semester for the Retention Plan:

A. FULL-TIME FRESHMAN[2] with no more than 8 credits earned through prior college/university attendance —	B. FULL-TIME TRANSFER[3] STUDENT with 44 or fewer credits accepted for transfer —	C. FULL-TIME TRANSFER STUDENT with 45 or more credits accepted for transfer —
18 Q.P.'s	18 Q.P.'s	1.95 Cumulative Average

Note: To meet this requirement, students registering for 12 or more credits would have to earn at least 24 Q.P.'s. Students registering for 9 credits would have to earn 18 Q.P.'s; 10 credits — 20 Q.P.'s; 11 credits — 22 Q.P.'s.

[2](i.e., students registered for 9 or more semester hours)

[3]"Full-time Transfer Student" includes students transferring from other University of Maryland campuses. Grade Point Averages, Semester Hours Attempted, Semester Hours Earned, and Quality Points from the other campus(es) are included in all College Park calculations.

Marking System

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W (Instructors are not permitted to change a grade of "W".) These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Officer, that an actual mistake was made in determining or recording the grade.
2. The *mark of A* denotes excellent mastery of the subject. It denotes outstanding scholarship. In computations of cumulative or semester averages a mark of A will be assigned a value of 4 quality points per credit hour.
3. The *mark of B* denotes good mastery of the subject. It denotes good scholarship. In computations of cumulative or semester averages a mark of B will be assigned a value of 3 quality points per credit hour.
4. The *mark of C* denotes acceptable mastery. It denotes the usual achievement expected. In computation of cumulative or semester averages a mark of C will be assigned a value of 2 quality points per credit hour.
5. The *mark of D* denotes borderline understanding of the subject. It denotes marginal performance, and it does not represent satisfactory progress toward a degree. In computations of cumulative or semester averages a mark of D will be assigned a value of 1 quality point per credit hour.
6. The *mark of F* denotes failure to understand the subject. It denotes unsatisfactory performance. In computations of cumulative or semester averages a mark of F will be assigned a value of 0 quality points per credit hour.
7. The *mark of P* is a student option mark, equivalent to A, B, C, or D. (See PASS-FAIL option). The student must inform the Office of Registrations of his selection of this option by the end of the schedule adjustment period. In computation of cumulative averages a mark of P will not be included. In computation of quality points achieved for a semester, a mark of P will be assigned a value of 2 quality points per credit hour.
8. The *mark of S* is a department option mark which may be used to denote satisfactory participation by a student in progressing thesis projects, orientation courses, practice teaching and the like. In computation of cumulative averages a mark of S will not be included. In computation of quality points achieved for a semester, a mark of S will be assigned a value of 2 quality points per credit hour.
9. The *mark I* is an exceptional mark which is an instructor option. It is given only to a student whose work in a course has been qualitatively satisfactory, when, because of illness or other circumstances beyond his control, he has been unable to complete some small portion of the work of the course. In no case will the mark I be recorded for a student who has not completed the major portion of the work of the course. The student will remove the I by completing work assigned by the instructor. It is the student's responsibility to request arrangements for completion of the work. An "Incomplete Contract" should be drawn up between student and instructor outlining these arrangements. A copy of this is to be filed in the Department Office. The work must be completed by the end of the next semester in which the course is again offered and in which the student is in attendance at the College Park Campus; otherwise the I becomes terminal (equivalent to W). Exceptions to the time period cited above may be granted by the student's Dean or Divisional Officer upon the written request of the student if circumstances warrant further delay. If the instructor is unavailable, the department chairman will, upon request of the student, make appropriate arrangements for the student to complete the course requirements. It is the responsibility of the instructor or department chairman concerned to return the appropriate supplementary grade report to the Office of Registrations promptly upon completion of the work. The I cannot be removed through registration for the course or through the technique of "credit by examination". In any event this mark shall not be used in any computations.
10. The *mark W* is used to denote that the student withdrew from a course in which he was enrolled at the end of the Schedule Adjustment Period. For information and completeness, the mark "W" is placed on the permanent record by the Registrations Office. This mark shall not be used in any computation of quality point or cumulative average totals at the end of the semester. However, this mark does not change the minimum number of quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.
11. *Audit.* A student may register to audit a course or courses in which space is available. The notation AUD will be placed on his transcript for each course audited. A notation to the effect that this symbol does not imply attendance or any other effort in the course will be included on the transcript in the explanation of the grading system.

Credit by Examination for Undergraduate Students

1. Credit may be earned by examination for any undergraduate course, for which a suitable examination has been adopted or prepared by the department granting the credit. When standardized CLEP (College Level Examination Program) examinations are available and University of Maryland approved, they may be used. However, since CLEP examinations count as transfer credit, they generally may not be used during the student's last 30 credits before graduation.
2. Any student may take a course by examination by obtaining an application form from Dr. Helen Clarke (Room 3151, Undergraduate Library), paying the requisite fees, and taking the examination at a time mutually agreeable to the student and the department offering the course.
3. The applicant must be formally admitted to the University of Maryland. Posting of credit, however, will be delayed until the student is registered.
4. Application for credit by examination is equivalent to registration for a course; however, the following conditions apply:
   A. A student may cancel his application at any time prior to completion of the examination with no entry on his permanent record. (Equivalent to the schedule adjustment period.)
   B. The instructor makes the results of the examination available to the student prior to formal submission of the grade. Before formal submission of the grade, a student may elect not to have this grade recorded. In this case a symbol of "W" is recorded. (Equivalent to the drop procedure.)
   C. No course may be attempted more than twice.
   D. The instructor must certify on the report of the examination submitted to the Registrations Office that copies of the examination questions or identifying information in the case of standardized examinations, and the student's answers have been filed with the Chairman of the department offering the course.
5. Letter grades earned on examinations to establish credit (if accepted by the student) are entered on the student's transcript and used in computing his cumulative grade point average. The quality points earned on credit by exam are not counted in the current semester's quality point total. A student may elect to take an examination for credit on a "Pass-Fail" basis under the normal "Pass-Fail" regulations.
6. Undergraduate students may earn by examination no more than half the credits required for the degree.
7. Fees for Credit by Examination.
   A. Fees for CLEP (College Level Examination Program) and other standardized examinations.
      (a) Fees for these examinations are determined externally and are not altered by the University. Credits earned by taking such examinations are treated as transfer credits.
   B. Fees for University administered examinations to establish credit.
      (1) All undergraduate students are charged $30.00 for each course examination regardless of the number of credits. This fee is paid upon application for the examination and is not refundable regardless of whether or not the student completes the examination.

Undergraduate Pass-Fail Option

1. An **undergraduate** who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his Provost, Dean, department or major advisor, whether the particular courses will be applicable to his degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the College Park campus credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's permanent record. In computation of cumulative averages a mark P will not be included. In computation of quality points achieved for a semester a mark of P will be assigned a value of 2 quality points per credit hour. The grade F will remain as given. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

NOTE: Changes of grading option (e.g., Regular to PASS-FAIL) may be processed only during the first ten days of classes.

GRADUATE — Not eligible for the PASS-FAIL grading option.

Commencement Honors

Honors for excellence in scholarship are awarded to not more than ten percent (10%) of the graduating class in each degree granting unit. Summa Cum Laude is offered to the highest two percent (2%), Magna Cum Laude to the next three percent (3%), and Cum Laude to the next five percent (5%). To be eligible for this recognition, a total of at least 60 semester credits earned at the University of Maryland is required. Of these 60 credits, at least 30 credits must have been earned at the College Park campus. No student with an average less than 3.00 will be considered. (The computation of the average does not include grades for courses taken during the last semester of registration before graduation, although the hours earned for that semester will apply toward the 60-hour requirement.)

General University Requirements (G.U.R.)

Effective August 1973, new GENERAL UNIVERSITY REQUIREMENTS replaced the General Education Requirements. Students enrolled in the University prior to August 1973 have the option of completing either the old General Education Requirements or the new General University Requirements. *All students first entering the University in August 1973 or after must complete the new General University Requirements.*

GENERAL UNIVERSITY REQUIREMENTS consist of 30 semester hours of credit distributed as described below:

I. At least 6 credits must be taken in each area. At least 9 of the 30 semester hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Students may select either the pass-fail or letter grading option for these courses as outlined in this Schedule (See Pass-Fail Option).

Area A: 6-12 hours elected in the Divisions of Agricultural and Life Sciences; Mathematical & Physical Sciences & Engineering.

Area B: 6-12 hours in the Divisions of Behavioral and Social Sciences: Human and Community Resources.

Area C: 6-12 hours in the Division of Arts & Humanities.

In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. Students are urged to consult with academic advisors for guidance in determining which courses in each area best fit individual needs and interests.

II. New freshman students who entered the University during Summer Session, 1978, or who were admitted for Fall semester, 1978, must complete six credits of English composition. The specific required courses are ENGL 101 *and* ENGL 391 or 393. Exemptions based on SAT-VERBAL scores and ADVANCED PLACEMENT scores are allowed. Questions about exemptions for individual students should be referred to the English Department, extension 4160.

Only three credits of the required six credits in English Composition may be applied toward fulfilling General University Requirements. When used, these three credits may be *in addition to* the twelve-credit maximum in Area "C". None of the composition credits, however, may be used to satisfy the minimum six-credit requirement for Areas "A," "B," "C," *or* the nine-credit upper division requirement.

The English Department strongly advises entering freshmen to fulfill the first composition requirement during their first year of coursework. Since junior standing is a prerequisite for ENGL 391 and 393, students should register for the second semester of composition only after having earned fifty-six semester hours of credit.

To further define "area" this chart has been prepared by the Advisor's Workshop. On the chart is listed the prefix of all courses offered on the College Park campus. The prefixes are listed according to which area (A, B, or C) of the General University Requirements they will meet.

Area A	Area B	AreaC

Foreign Language Placement

Arts and Humanities Requirements: If a student has had three years of one foreign language or two years in each of two foreign languages as recorded on his/her high school transcript, he or she is not required to take any foreign language in the division, although he or she may elect to do so. However, the College of Journalism requires completion either by course work or placement, of any intermediate language level (104, 115). The School of Architecture has no foreign language requirement.

French Department: A departmental placement exam will be given to *all* students registering *for the first time* on this campus for French language courses in the basic and intermediate sequence (100 level and 201 and 211). The examination will be administered in the language laboratory of the Language Media Center during the week prior to preregistration, during preregistration and during registration week from 8 a.m. to 3 p.m. The exam may be taken during those hours at the student's convenience. Students should take this examination before registering so that they may be placed at the proper course level. Results will be posted in the Department of French and Italian. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam. Meanwhile, those wishing to register prior to taking the exam may find the following guidelines helpful: French 101 for those with less than two years of French; French 103 or 104 for those with two years or more. *Do not register for 102 unless you have had French 101 on this campus.* A student who has taken French 101 or 103 on this campus, or their equivalent on any other campus, *may not* take French 121 (Accelerated French I) for credit. "Audit," however, is permitted. Any student who has taken French 104 on this campus, or its equivalent on any other campus, *may not* take French 122 (Accelerated French II) for credit. Again, the option of "Audit" remains open.

German Department: Students who have had two or more years of high school German are required to take the placement exam unless they have taken the CEEB German Achievement test and the results have been forwarded to the University. German students placing below German 113 are required to take German 111 and German 112 before continuing with German 114 and 115.

Spanish Department: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the placement exam if (1) they feel uncertain of their ability to take Spanish 104, or (2) they wish to be exempted from Spanish 104. Students who have taken the CEEB Spanish Achievement test should submit their achievement scores in lieu of taking the University's placement exam. A student with two or more years of high school Spanish may take Spanish 101 for credit provided he or she obtains the permission of the Chairman of the Department. Students starting in Spanish 101 must follow the prescribed sequence of Spanish 101, 102, and 104. Students who feel uncertain of their ability to take Spanish 104 may choose to take Spanish 103 (a one semester review course) without taking the University placement exam. Spanish students placing in 103 must complete 104 to satisfy the divisional language requirement. Students placing in 104 are required to complete 104 only. Students placing above 104, or who have taken the equivalent of 104 at another institution, are deemed to have satisfied the language requirement.

German and Spanish Placement Exam Schedule:
During the semester there will be placement testing in Room 0106, Shoemaker Building. To be admitted for testing, students must have a picture I.D. Call R. Williams, X2931, for appointment. Testing during Fall Registration will be Tuesday, August 21, 1979, and Friday, August 24, 1979, at 3:00 p.m. in the Testing Room, Shoemaker Building. Bring a picture I.D. in order to be admitted.

Guidelines to Administration of Examinations and Tests on Religious Holidays

Examinations and tests: All examinations and tests shall be given during class hours in accordance with the regularly scheduled (or officially "arranged") time and place of each course listed in the *Schedule of Classes* and/or the *Undergraduate Catalog*. Unpublished changes in the scheduling or location of classes/tests must be approved by the department chairman and reported to the Provost. It is the responsibility of the student to be informed concerning the dates of announced quizzes, tests and examinations.

It is the policy of the University to excuse the absences of students that result from religious observances and to provide without penalty for the rescheduling of examinations that fall on religious holidays. Examinations and tests may not be scheduled on Rosh Hashannah, Yom Kippur, or Good Friday.* An instructor is not under obligation to give a student a make-up examination unless the absence was caused by illness, *religious observance* or by participating in University activities at the request of University authorities.

A make-up examination, when permitted, must be given on Campus, unless the published schedule and course description require other arrangements. The make-up examination must be at a time and place mutually agreeable to the instructor and student, cover only the material for which the student was originally responsible, and be given within a time limit that retains currency of the material. The make-up must not interfere with the student's regularly scheduled classes in the event that a group of students require the same make-up examination; one make-up time may be scheduled at the convenience of the instructor and the largest possible number of students involved. Under the same guidelines students shall have equal access to all information and drills missed due to the reasons listed.

*For the academic year 1979-80, this means Monday, October 1, 1979, for Yom Kippur, and Friday, April 4, 1980 for Good Friday. Rosh Hashannah falls on Saturday, September 22, so the scheduling of exams will not be affected.

Policy on Non-Discrimination

The University of Maryland is an equal opportunity institution with respect to both education and employment. The University's policies, programs and activities conform to pertinent federal and state laws and regulations on non-discrimination regarding race, color, religion, age, national origin, sex, and handicap. Inquiries regarding compliance with Title VI of the Civil Rights Act of 1964, as amended. Title IX of the 1972 Education Amendments, Section 504 of the Rehabilitation Act of 1973, or related legal requirements should be directed to the appropriate individual designated below.

Director of the Office of Human Relations
Room 1114, Main Administration Building
University of Maryland, College Park
College Park, Maryland 20742

Campus Coordinator for §504 of the
Rehabilitation Act of 1973
Room 1109, Main Administration Building
University of Maryland, College Park
College Park, Maryland 20742

The University of Maryland uses an individual student's social security number as his or her identification number for University records. If you do not wish the University to use your social security number for this purpose, write the Office of Registrations, North Administration Building, College Park, Maryland 20742. The University will then assign its own number to you for record-keeping purposes.

The provisions of this publication are not to be regarded as an irrevocable contract between the student and the University of Maryland. Changes are effected from time to time in the general regulations, in class scheduling, and in the academic requirements.

The Office of Human Relations Programs Wants to Know
Do You Know Your Human Relations Code?

Q. What is the UMCP Human Relations Code?
A. The Code is the campus document prohibiting discrimination within the College Park Campus community on the basis of race, color, creed, sex, marital status, personal appearance, age, national origin, political affiliation, mental or physical handicap, and on the basis of the exercise of rights secured by the First Amendment of the United States Constitution. The Human Relations Code establishes formal grievance and mediation procedures for the Campus.

Q. To whom does the Human Relations Code apply?
A. All UMCP students, faculty and staff in all academic and non-academic units of the Campus. Organizations and committees functioning under the direction and supervision of the campus administration are also expected to abide by its directives against discriminatory behavior.

Q. And what kinds of things could a person complain about?
A. Per Section II. A. 1 and 2 of the Code: Complaints of discrimination may be filed because of race, color, creed, sex, marital status, personal appearance, age, national origin, political affiliation, mental or physical handicap, or on the basis of exercise of rights secured by the First Amendment of the United States Constitution.

Q. How does a person file a complaint?
A. There are two types of procedures:
Formal Process: Article III of the Human Relations Code outlines a procedure which requires an individual to file a formal grievance with the Campus Compliance Officer of the Office of Human Relations Programs, with the EEEO Officer of a professional college or department, or with a Divisional Equity Officer. The grievance must be filed within 120 days of the time the allegedly discriminatory act(s) occurred or within 120 days of the time when one first became aware of the act(s).
Informal Process: Article III. D — Any member of the Campus Community who believes that he or she has been or is being discriminated against in ways prohibited by the Code may consult confidentially with any of the persons designated above and ask for help in settling a dispute informally. A majority of the complaints received by the Office of Human Relations Programs are resolved in this manner.

Q. Does everyone have to know I've been there when I come in to discuss something I may want to complain about?
A. Not necessarily. The degree of confidentiality maintained by the office is specified in Article III C of the Code. You are free to decide what sort of assistance you want. You can also be counseled about the kind of help you may need. Some types of assistance can be given without your being identified beyond the Human Relations Office. Other kinds of help may require your permission to reveal your name to a limited extent. The important thing is that you can decide on the kind of help you want and/or whether or not you want to accept the form of help that is available.

Q. How long does it take to resolve a grievance?
A. It depends upon the nature of the case. Investigation of each case begins shortly after it is received to determine whether or not a complaint is one which can be handled under the Code and one which appears to be substantive.

Q. Do you ever get any complaints that don't appear to be valid?
A. Sometimes.

Q. Suppose I think mine is valid and someone I complain to officially doesn't agree?
A. You can check out the opinions of the Human Relations Office, an equity officer or an EEEO officer by means of an appeal process which is outlined in the Code.

Q. Is complaining worth the trouble?
A. From January, 1977-December, 1977, 40 informal complaints were filed and investigated. During the same period, 39 formal complaints were filed and settled or referred for settlement by means of other more appropriate grievance processes.

Q. Who else on campus besides the Human Relations Office has major responsibility for equal opportunity and affirmative action matters?
A. Each academic and non-academic unit has a person who functions as an equity officer. That is to say, he or she is responsible for processing and monitoring equity matters within his/her unit. These people have various official titles such as Assistant Provost, Assistant to the Provost, Assistant Vice Chancellor or Assistant to the Vice Chancellor. They report directly to the administrators to whom their titles designate they are responsible.

Q. Where can I get a copy of the Human Relations Code and possibly discuss something that concerns me?
A. You may speak with any of the following:

Q. Does the Human Relations Office work with other organizations on campus to combat discrimination?
A. Yes, with both on-campus and off-campus organizations. Such groups have access to other forms of technical and consultative assistance on request.

Q. Can I or my organization come in and discuss an idea for addressing discrimination on the UMCP Campus?
A. Certainly. Students, faculty, and staff often do and are welcome. You are encouraged to speak with Human Relations Office staff and with Campus equity officers in the Vice Chancellors' and Provosts' offices as well.

Q. What if my filing a grievance results in some form of retaliation against me? What can be done?
A. Actions undertaken to eliminate discriminatory treatment include negotiation and persuasion. These have proved successful in discouraging retaliation against complainants.

Q. What about students with legitimate complaints of unfair treatment that may not be related to acts of discrimination? Is there a student grievance procedure that provides protection for them?
A. Such a procedure was initially proposed by the Human Relations Office drafted by the Campus Senate and reviewed by the Chancellor. It was recently remanded by the Chancellor to the Senate Executive Committee. The Committee will consider it further and may amend it prior to presenting it again to the Senate body. Should the Senate vote to do so, it will again transmit the procedure to the Chancellor for approval.

Advisement Information

Advisement

Undergraduate — Advising is an essential part of an undergraduate's educational experiences at the University of Maryland. From orientation to graduation, it can provide the kind of concerned assistance that helps students better understand their purposes for "being in college."

For most students, advising is not required. This allows individual students to decide, on the basis of personal circumstances and needs, whether or not to see an advisor. There are some groups of students, though, who *must* obtain advising assistance. These include:

NEWLY ADMITTED FRESHMEN AND TRANSFER STUDENTS, STUDENTS ON ACADEMIC PROBATION, STUDENTS SEEKING REINSTATEMENT AFTER DISMISSAL OR WITHDRAWAL, and STUDENTS NEARING SENIOR STATUS.

Undergraduate students at the College Park Campus are encouraged to use the many advisement opportunities that are available to them. At all academic levels — divisional, college, and departmental — at least one person has been designated to coordinate advising. A list of these persons, providing name, room number, and telephone extension is published each semester in the *Schedule of Classes.* Students who are unable to locate an advisor or who have questions about campus advising programs should visit or call the Undergraduate Advising Center, Room 3151, Undergraduate Library, 454-2733 or 454-3040.

Graduate — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

Credit Limits

UNDERGRADUATE — limited to *19 semester hours*
Any exceptions must be approved by the Dean or Provost. Forms for this purpose will be available in the Dean's or Provost's Office and should be turned in with Registration Materials.

GRADUATE — limited to *15 semester hours*

GRADUATE STUDENTS with a Teaching or Research Assistantship — limited to *10 semester hours*

Full-Time Status

Effective August 1973, official status (either full-time or part-time) *for academic purposes* will be determined on the basis of a student's registration at the end of the Schedule Adjustment Period. The Schedule Adjustment Period is defined as the first ten days of classes.

UNDERGRADUATE — Full-time — Registered for 9 or more semester hours at the end of the Schedule Adjustment Period. Note, however, that students on scholarships and grants are expected to maintain a semester credit load of 12 hours. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University.

GRADUATE — Full-time — Registered for minimum of 48 graduate *units* at the end of the Schedule Adjustment Period.

GRADUATE STUDENTS with Teaching or Research Assistantship — Full-time — Registered for minimum of 24 graduate *units* at the end of the Schedule Adjustment Period.

Table for Computing Graduate Units

Course Number	Graduate Unit
000-399	2 units per credit hr.
400-499	4 units per credit hr.
500-599	5units per credit hr.
600-898	6 units per credit hr.
799	12 units per credit hr.
899	18 units per credit hr.

Course Numbering System

UNDERGRADUATE — eligible to register for courses numbered 000-499.
Freshmen and sophomores may not take 300-499 numbered courses. Any exceptions require special permission from the Dean or Provost.

GRADUATE — eligible to register for courses numbered 400-899.

Course Numbering System

Number	Eligibility
000-099	Non-credit course
100-199	Primarily freshman course

300-399	Junior, senior course not acceptable for credit toward graduate degrees.
400-499	Junior, senior course acceptable for credit toward some graduate degrees.
500-599	Professional School course (Dentistry, Architecture, Law, Medicine) or post-baccalaureate course.
600-899	Course restricted to graduate students
799	Masters Thesis credit
899	Doctoral dissertation credit Courses with last digit of 8 or 9 can be repeated for additional credit

Undergraduate Student Classifications

Freshman	1-27 semester hours
Sophomore	28-55 semester hours
Junior	56-85 semester hours
Senior	86 to at least 120 semester hours

Zero-Level Courses

FOLA 001 FOLA 002 GERM 001 MATH 001* RUSS 001

Although these courses carry credit for billing and status purposes, they are regarded as having zero credit for academic calculation purposes. Therefore, these courses are excluded from the calculation of credits registered at the end of the Schedule Adjustment Period, from the calculation of quality points and from the calculation of cumulative grade point averages.

*Math 001 fees are also discussed under "Fees and Expenses."

DISTINGUISHED SCHOLAR-TEACHER COURSES

The Campus last year initiated the Distinguished Scholar-Teacher Program whereby outstanding scholar-teachers will offer a series of special courses with an interdisciplinary emphasis. Each of the Distinguished Scholar-Teachers will offer one course open to undergraduate students regardless of major. For the fall semester, the courses and their instructors will be:

Prof. Stephen J. Carroll, Jr. — College of Business and Management
BMGT 464 — ORGANIZATIONAL BEHAVIOR (3). This course will introduce the student to various theoretical models from the behavior sciences. These models will then be used by the students in explaining and predicting the behavior of people in organizations as described in various case studies. Selected readings and textbook chapters will be used to describe the behavioral science theories to be discussed in the course.

Prof. Oran Young — Department of Government and Politics
GVPT 479A — PROBLEMS OF AMERICAN PUBLIC POLICY: THE POLITICAL ECONOMY OF RESOURCE MANAGEMENT (3) (MW 2-3:15). Analysis of political, economic and legal issues pertaining to natural resources and environmental quality. Particular emphasis placed on developing institutions to manage the use of natural resources and on the relative merits of various policy instruments. Illustrations deal with marine fisheries, forests, o.c.s. development and national interest lands.

Prof. Dudley Shapere — Department of Philosophy
PHIL 428A — ORIGINS OF THE MODERN SCIENTIFIC WORLD VIEW (3) (T-Th 2). This course will examine the evolution of modern scientific and philosophical views from the controversies about the nature of science which took place in the 17th and 18th centuries. Among the topics to be discussed are: debates about the aims and methods of science; the nature of space, time, matter, and force; man and God in relation to the physical universe; interactions of philosophical, scientific, and mathematical theories.

Prof. Anne S. MacLeod — College of Library and Information Services
DHCR 488D — CRITICAL SURVEY OF CONTEMPORARY CHILDREN'S LITERATURE (3) (T-Th 9:30-10:45). A survey of contemporary trade books for children, fiction and non-fiction, from books for the very young through novels and informational books for junior high school students. Emphasis is on developing analytical, critical standards applicable to this literature. Units include: some Victorian classics for children; historical fiction from patriotism to pacifism; fantasy literature and contemporary realism, as well as non-fiction works in history, science, "life problems" and others.

Prof. Larry J. Goldstein — Department of Mathematics
MATH 110 — INTRODUCTION TO MATHEMATICS (3) (MWF Noon). This course covers a number of mathematical topics which are useful in business and the biological and social sciences, namely linear programming, quadratic exponential logarithmic and trigonometric functions and differences equations. Applications will be stressed. The course will be taught in a lecture format which carries the same credit and prerequisites and fulfills the same requirements as the other MATH 110 sections.

These professors represent the best instruction offered at College Park. In view of the general interest of these courses, the instructors will welcome to the classroom any member of the Campus community who wishes to attend some or all of the lectures. No advance arrangements are necessary.

AFRO-AMERICAN STUDIES PROGRAM

AASP 298L — BLACKS AND THE LEGAL PROCESS: A CASE ANALYSIS. This course surveys and analyzes the major court cases of the 19th and 20th centuries involving serious impact on Afro-Americans. The political, social, and economic consequences of these cases will also be considered.

AASP 298S — BLACK POLITICS IN THE UNITED STATES. An examination of the roles played by blacks in political parties in the United States from the 19th to the present century. Special attention will be given to black political parties and the political alternatives offered by such groups.

AASP 298V — THE BLUES AS CULTURAL ART FORM. This course will consist of listening to various forms of Blues Music, viewing video tapes/movies and documentaries of performances by Blues artists. Artists, folklorists, historians, musicologists, and other authorities on Blues will be brought in periodically to address the class. Selected reading and listening assignments along with creative projects will stimulate and support discussion.

AASP 411 — BLACK RESISTANCE MOVEMENTS. This is a history of black people's reaction to their oppression as slaves in the new world and as colonial subjects on the Continent. Thus, the slave rebellions and the civil rights struggle as well as the current revolution are surveyed as are the anti-colonial struggles in the Continent. In general, it examines the background of the old claims that blacks did not react strongly against their oppression.

AASP 428Y — THE BLACK FAMILY IN AMERICA. This course is an analysis of the black family past and present, with emphasis on the black family as it exists today. Topics to be covered will include: types of black families; the extent and types of material resources available; the contribution of working wives; marital stability and divorce; and the degree to which black families are able to pass on advantages to their children.

AASP 429G — AFRO-AMERICAN FOLKLORE. The culture of blacks in the U.S. is viewed in terms of history (antebellum to present and folklore rural to urban). Oral traditions and life histories are used to explore aspects of black culture and history. This course will enable students to study a significant body of materials which have bearings on American history, folklore, and contemporary social problems.

AASP 428W — BLACK WOMEN IN AMERICA. This provocative course traces historically the role of black women from slavery to the 20th century. The lives, struggles, and accomplishments of numerous black women, organizations, issues, and personalities are discussed in detail.

AASP 429M — HISTORY OF BLACKS IN MOTION PICTURES. A historical survey of the portrayal of blacks in U.S. motion pictures from past to present, with an examination of the social and political consequences of the practices of the motion picture industry to the black struggle and identity.

AASP 429L — A SOCIOLOGICAL/POLITICAL PERSPECTIVE OF AFRO-AMERICAN MUSIC AND PUBLIC POLICY. A critical and comparative analysis of the sociological/political trends and practices that are reflected and associated with the Afro-American music community. Musical styles and interpretations will be emphasized to determine background elements of ethnic nationalism. The overall analysis will take place within the scope of a conceptual nationwide public policy of American culture for the future. A formal knowledge of music is not required.

AASP 429Q — THE HISTORY AND POLITICS OF THE BLACK ATHLETE IN AMERICA. This course analyzes the impact and social significance of the black athlete in America from the 19th century to the present through an examination of the interplay of sport and society. Of particular concern will be the impacts of Jack Johnson, Joe Louis, Jackie Robinson, Olympic competition and other personalities, organizations, events and issues.

DEPARTMENT OF AGRICULTURAL ENGINEERING

Constant reference to art of the past twenty years.

PHIL 408J — ETHICS AND ENERGY POLICY. What are our obligations to future generations? What are our duties as custodians of the planet? What human rights are involved? What risks and costs are allowable? The emphasis in this course will be on isolating and defining the criteria that should determine policy, and on deciding how to balance competing criteria.

PHIL 408L — ENVIRONMENTAL ETHICS. How much pollution may be tolerated for the sake of economic advantage? What sacrifices in lifestyle and personal expectations should we be willing to make in order to conserve resources? What rights to property, travel, enterprise, to liberty in general, must be protected even at the expense of environmental quality? How shall the costs of conservationist and protectionist policies be distributed so that justice may be respected? These questions raise fundamental issues concerning the relation between individual values and collective choice.

The interaction between physics and philosophy will be stressed throughout.

PHIL 455 — PHILOSOPHY OF THE SOCIAL SCIENCES. The social sciences raise special philosophical problems. Over the past thousands of years human beings have surely accumulated a good deal of knowledge about themselves and about the peculiarities of social life. Yet this knowledge seems pallid and fragile compared to the spectacular progress of the natural sciences during the past three or four centuries. The comparison is inevitable: in what ways are the social sciences (or can they be, or ought they to be) like (or unlike) the natural sciences? With the clarification of this vague question in mind, this course will investigate the nature of theories, explanations, and theory choice in the social sciences.

Detailed descriptions of all philosophy courses (course content, textbooks, written assignments, etc.; are published in the Philosophy Department Handbooks and Supplements. Copies may be obtained in room 1131 of the SkInner Building.

Choosing a powerful TI business/financial calculator could be one of your best decisions this semester.

Success in business comes from analyzing alternatives and making good decisions. Texas Instruments designed The MBA™ and the *Slimline* Business Analyst-II™ calculators to help professionals find fast, accurate answers to many of the same tough problems you're studying now... in finance, marketing, accounting, investments and statistics. Isn't that a great reason for buying one now?

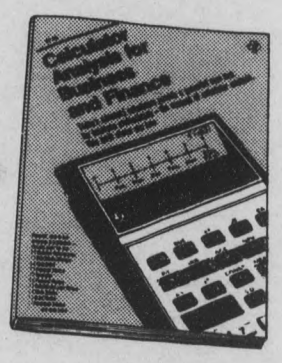
The MBA. Preprogrammed financial and statistical functions, programmability and step-by-step applications guide.

The MBA is designed specifically for financial applications. It's the most powerful handheld calculator in its class!

Preprogrammed functions make it easy to solve even complex financial problems at the touch of a few keys. The MBA computes net present value and internal rate of return for up to 12 variable cash flows. Solves the vast majority of time-value-of-money problems with keys for payment, present value, future value, number of periods and periodic interest rate. And calculates days between dates and direct solution of yield for bonds or mortgages.

Built-in statistical functions provide the power required for data analysis and forecasting. And 32 steps of programmability add speed and accuracy to performing repetitive calculations. (Just change the variables in a program and you can see the result of a new alternative in seconds!)

Calculator Analysis for Business and Finance, a $7.95 value, is a 288-page guidebook included with The MBA that shows you how to analyze many business situations using proven techniques. More than 100 real-world examples are described step-by-step.



The MBA calculator and book with owner's manual, carrying case and ac adapter/battery charger, $70.00*.

Slimline Business Analyst-II. Sleek LCD calculator with versatile business capabilities.

Solving financial problems with the *Slimline* Business Analyst-II can make working with your old calculator seem like pencil-and-paper arithmetic. The functions required to perform many common business, financial and statistical calculations are built in to help you make quick, accurate evaluations of many complex business situations.

Special financial keys are used to handle time and money problems such as compound interest, annuity payments, mortgage loans, investment yields, amortization schedules and more.

Statistical and linear regression capabilities provide the power you'll need to boil down data and automatically handle problems such as sales and earnings forecasts.

Profit margin calculations concerning cost, selling price and margin can be performed rapidly when any two of the variables are known. Other features include a four-function data register with Constant Memory™ feature that retains its contents *even when the calculator is turned off*. Two miniature batteries provide up to two years of operation in normal use. And TI's APD™ automatic power down feature helps prevent accidental battery drain.

The Business Analyst-II, with detailed owner's manual and suede-look vinyl wallet, $45.00*.

You can start making good business decisions this semester. See The MBA and the *Slimline* Business Analyst-II at your college bookstore or other TI dealer today.

Universities don't recognize it. But history does. For over 200 years Marine Corps officers have earned high honors for their leadership, their judgment, their courage. And we're looking for a few more like them.

College freshmen, sophomores, and juniors apply for Platoon Leaders Class. Under PLC you complete all training requirements for Marine officer commissioning in short, but tough, summer sessions. We require no training during the school year.

PLC pays you for training. It also offers $100-per-month financial assistance while in school. It offers an aviation option. And you're building pay seniority all along.

College seniors and graduates apply for Marine Officer Candidates Class. OCC is a grueling ten-week session in Quantico, Virginia.

Then, upon successful completion of training and college graduation, you're commissioned as a Marine second lieutenant, and ready for another Marine Corps school.

Because, here too, the education comes before the honors.

Learn more about Marine Corps officer training. Mail in the attached card. Or call 800-423-2600, toll free. In California, 800-252-0241.

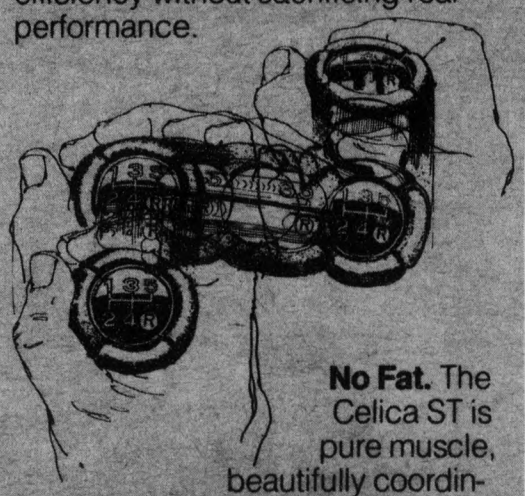
MAKE HASTE, NOT WASTE.

Even with Toyota's lowest priced Celica, you can get clean efficiency without sacrificing real performance.



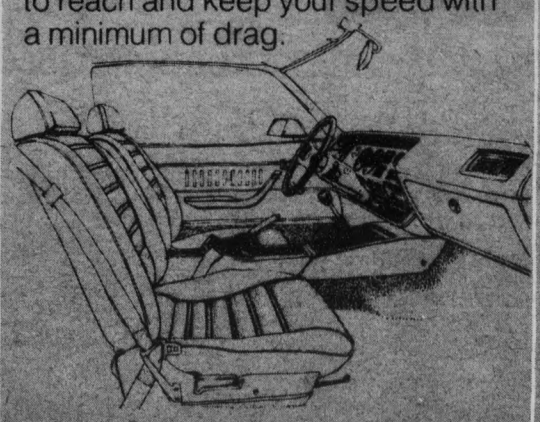
No Fat. The Celica ST is pure muscle, beautifully coordinated by its standard 5-speed overdrive gear box. As *Road & Track* test figures show: the Celica accelerates from 0-60 in 10.4 seconds flat. And can stop in a clean 270 feet from a speed of 80 mph.

Not only won't you get this kind of clean performing precision out of many other sports coupes—you won't even get it out of the much more expensive Porsche 924!

No Waste. Like every Toyota, the Celica doesn't waste an ounce of gas. Its engine burns and energizes every drop of fuel you put into it—efficiently and cleanly.*

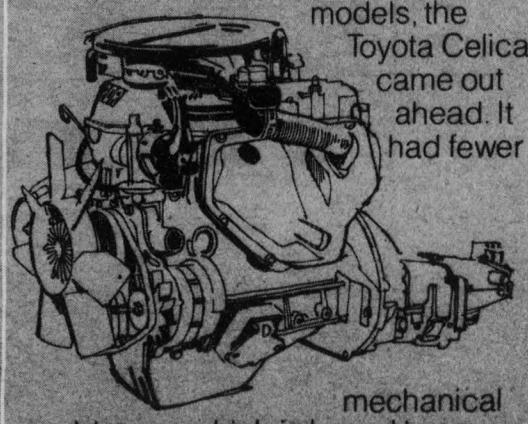
Great Shape. And look at the way the Celica has been designed. Purposeful, not wasteful.

Outside, the lines are so clean, their aerodynamic shape allows you to reach and keep your speed with a minimum of drag.

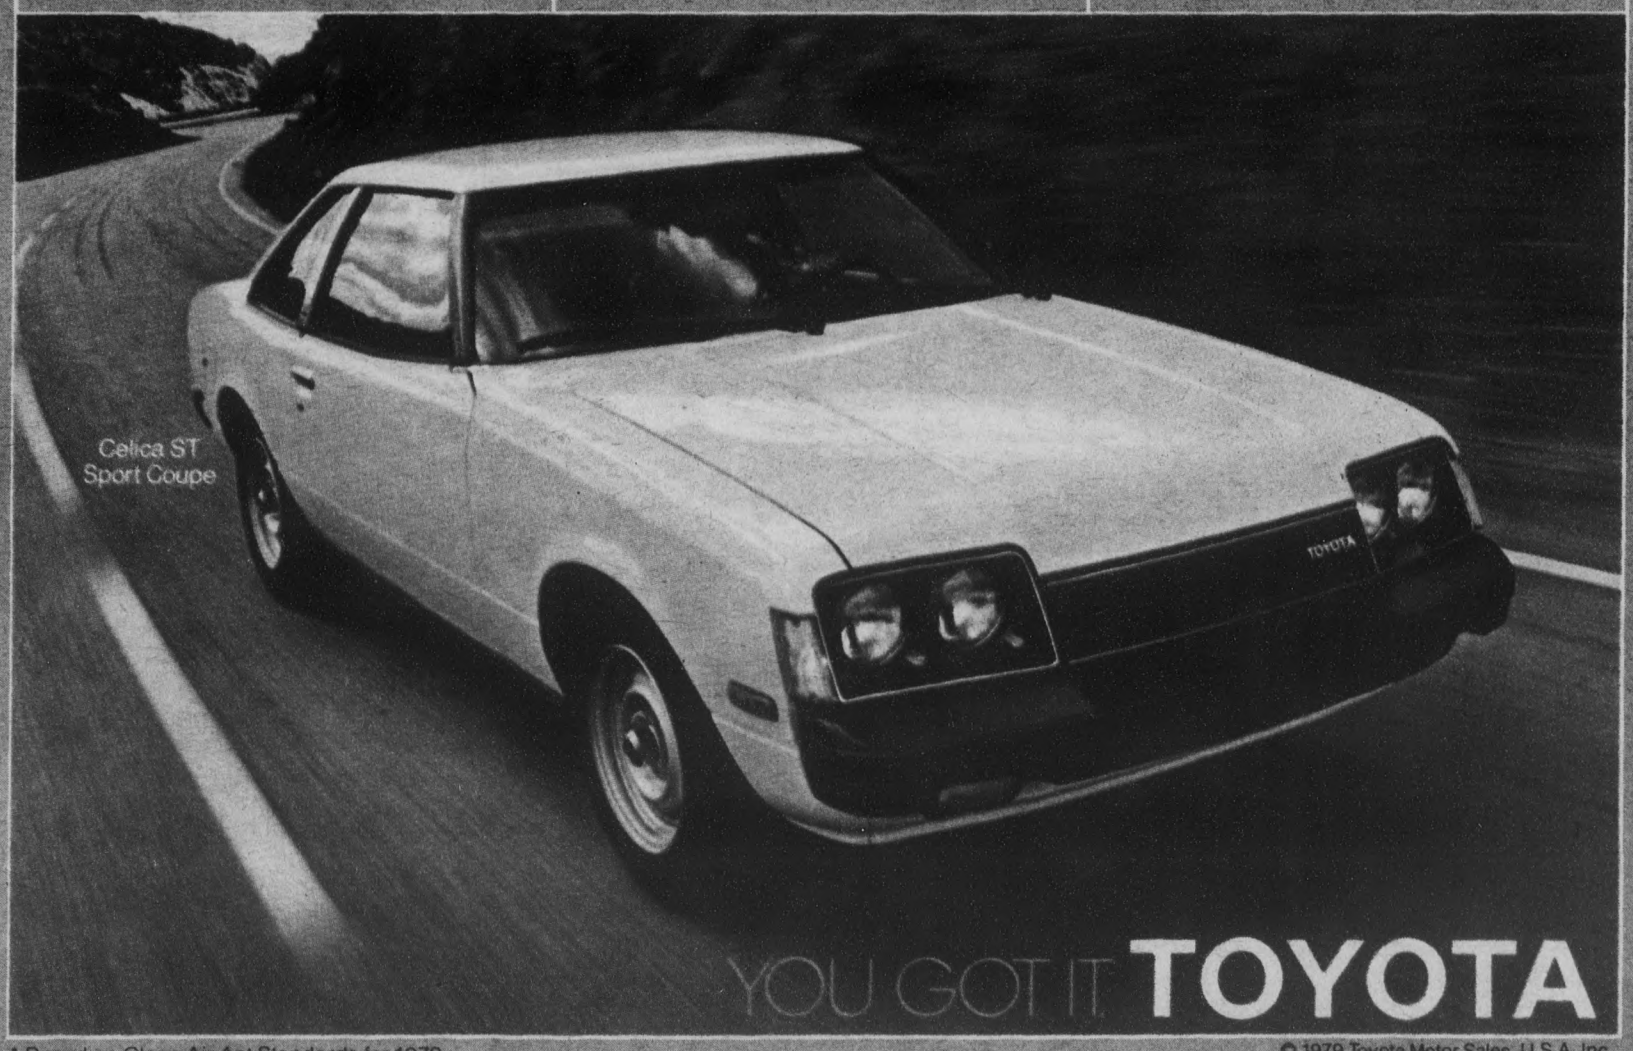


While inside, the clean design is apparent in everything you can see and touch—from thoughtful instrumentation to reclining front bucket seats.

Staying in Shape. Based on an owner's study with 10 competitive models, the Toyota Celica came out ahead. It had fewer



mechanical problems—which is bound to save you money. So will the fact you can get all this efficiency and performance out of Toyota's lowest priced Celica. The Toyota Celica ST—Make haste!



YOU GOT IT. **TOYOTA**

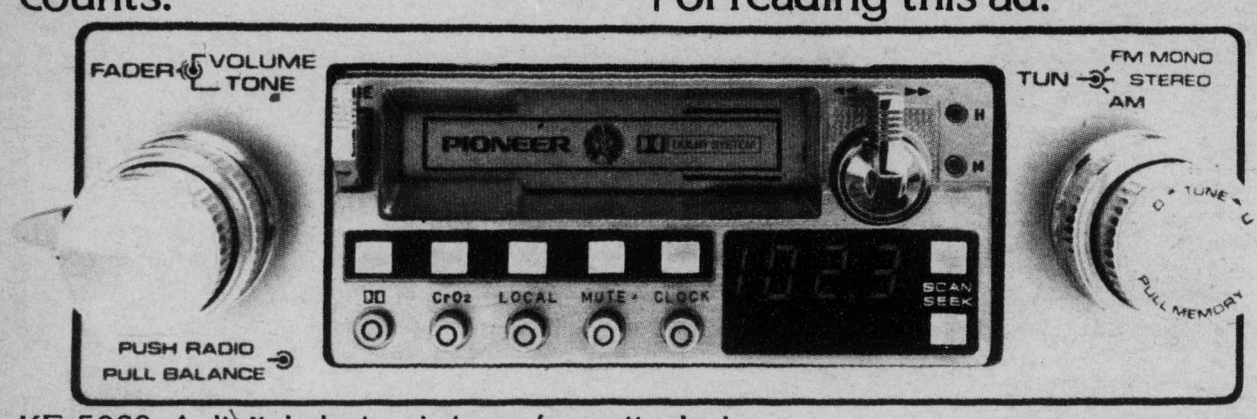
84 reasons to get to a Pioneer dea

A lot of people pick out a car stereo with their eyes closed. Because, for them, what they hear is all that counts.

rest, we've gathered 83 more reasons (besides great sound) why you should be down at a Pioneer dealer now, instead of reading this ad.



KE-5000. A digital electronic tuner/cassette deck.

Which is all right with us. Because when sound decides, Pioneer wins every time. Maybe that's why we're number one in car stereo.

A lot of other people, though, come into the market with both eyes open. Fine with us, too. Because what you see will win you over.

So in the interest of a totally unfair comparison between us and the

Reason #2. The KE-5000. Does everything but drive your car. A totally electronic AM/FM Supertuner® car stereo with cassette deck. Has a digital station display. Digital electronic tuning. It automatically seeks out and locks on to a station. Even has a digital clock. So you won't be late for work.

TS-168 flush mounted 3-way speaker.

3 through 35. An ear-dazzling array of speakers. Built with extraordinary attention to design and materials. 32 different deck-mounts, surface-mounts, door-mounts, dual-cones, two-ways, three-ways and tweeters.

36. Supertuner FM circuitry. The inspired bit of electronic engineering that makes our FM signals come in so crisp and clear.

37. Success with women. (Or men, as appro priate.)

Scientific tests have proven the awesome amorous effects of a Pioneer Supersystem. Please do not take unfair advantage of this feature.

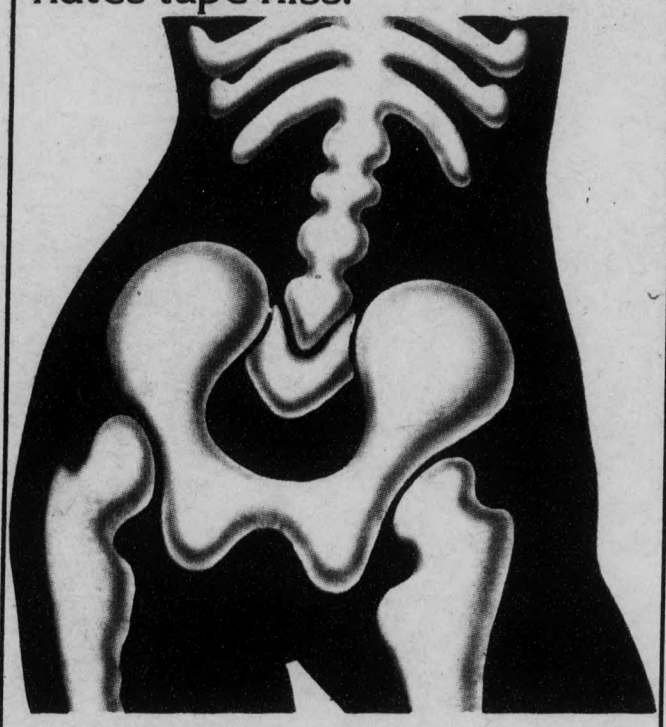
38 through 59. Integrated supersystems. We offer 21 different systems with built-in amplifiers. In-dash or under-dash. AM/FM & Cassette. AM/FM & 8-Track. AM/FM only. FM/Cassette combo. Or 8-Track or Cassette alone. Now that's freedom of choice.

60. Autosound fashions.* Owning a Pioneer Car Stereo requires a suitable wardrobe. Check out our T-shirt and tank-top collection. Featuring Pioneer I.D. on the flip side, so people will know where your sound is coming from.

Your walls can have ears. This poster now in fifth printing.

61. The highway library.* There's an impressive body of literature to go with Pioneer Car Stereo. Our renowned resident auto stereo authority, Steve Tillack, has authored four best-sellers on the subject.

62. Dolby.** Found in several of our models, Dolby eliminates tape hiss.



Get in touch with a whole other dimension in sound.

63. Bodysonic. Car stereo you can feel in your bones. The first major breakthrough in autosound since stereo itself. Test feel it.

64. Audio decor.* There's a whole collection of Pioneer-aphernalia. Including our much-beloved Eargasm poster, a celebration of aural ecstasy.

65. Have a fit. With the world's broadest line of quality car stereo, Pioneer fits in perfectly whether you drive a Rolls or a VW.

66 through 84. Pioneer component car stereo. Build a car stereo that puts most home systems to shame. 18 different separates—tuners, cassette decks, and seven-band graphic equalizer. Plus amplifiers powerful enough to drive the hottest string of speakers.

O.K. We've been reasonable enough. Now you've got to hear Pioneer. Go to a Pioneer dealer. It'll be the most rational thing you ever did.

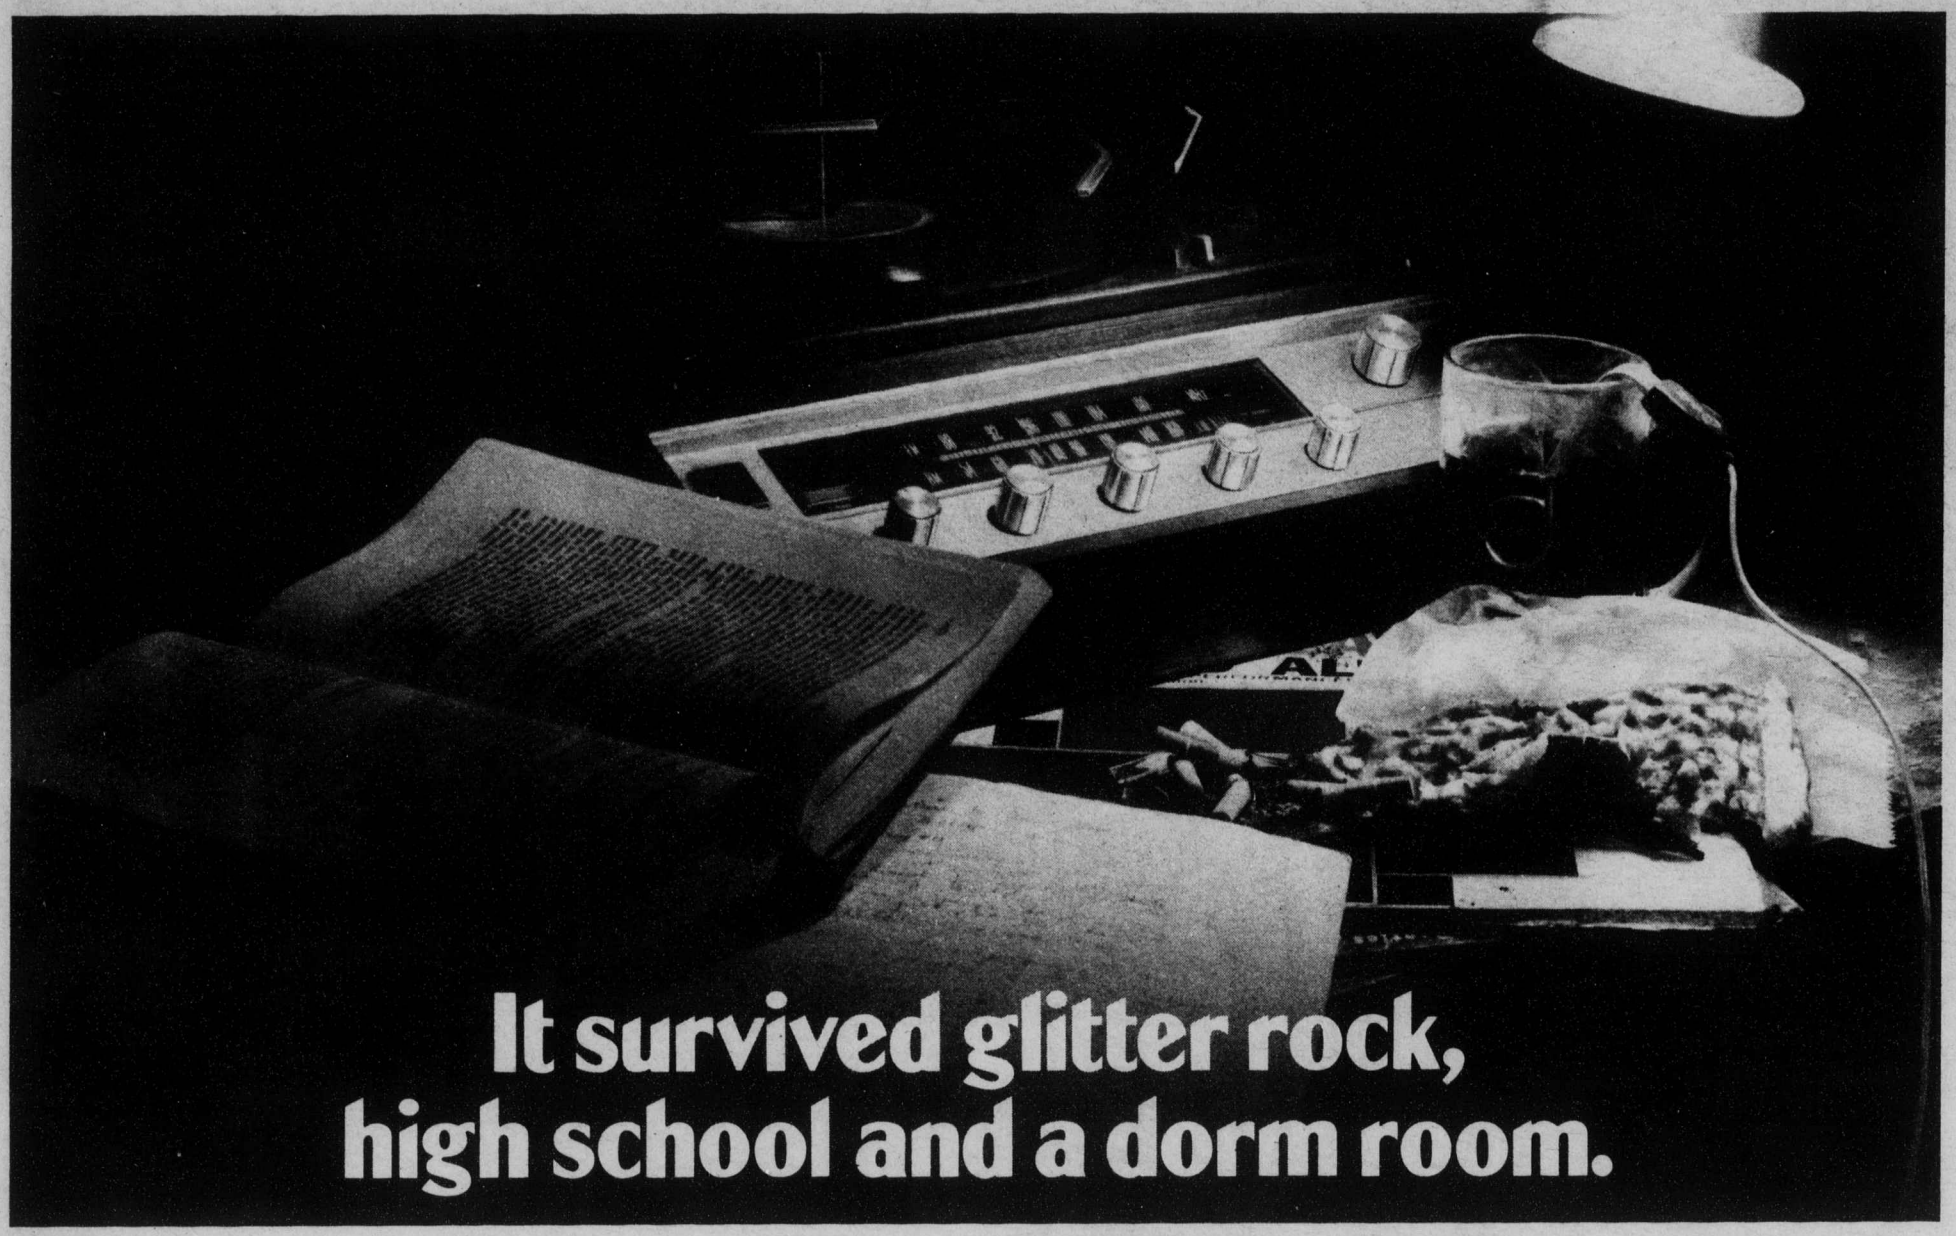
CLOSED SAT. & MON. OF LABOR DAY WEEKEND



It survived glitter rock, high school and a dorm room.

Now you're ready for JVC.

Face it. Your old compact stereo has had it.

It shared some good times with you but now you're ready for something better.

Not just shinier and louder, though. You want a stereo that gives you more sound quality, not just more complication.

Now you're ready for JVC.

Because while our competitors were concerned with outdoing each other, we've been concerned with giving you features you could use, performance you could afford, and durability that's legendary in the hi-fi world.

Like Quartz-Lock; the most accurate turntable drive system in the world.

And M.P.I., a multi-peak L.E.D. metering system that lets you make perfect cassette recordings.

Plus sensible safeguards like a Triple Power Protection circuit that keeps speakers and amplifier from getting zapped and circuitry that pulls in FM better than you've ever heard it on your compact.

So before you descend into the maelstrom of hype, hear-say and techno-jargon, check with your JVC dealer, listed in the back of this book.

He'll open up a world of sound so wide you may cut class to rediscover your records.

When you're ready for a world of music that real, you're ready for JVC.

A receiver system with the **R-S5** receiver, **L-A11** beltdrive auto turntable, **KD-10** cassette deck, **SK-500MK II** speakers, **LK-G142** rack. How to get ready for JVC.

No amount of expensive equipment can make up for poor judgment or hasty decisions when placing your stereo components in the listening-room.

Just as your listening needs color component selections, your preferences and habits should guide your decisions on where to put the receiver, turntable, and speakers, before you lay back to enjoy your musical environment.

The receiver needs plenty of ventilation and circulation for the generated heat to escape—particularly behind the unit.

Locate your turntable within twenty inches of the receiver to avoid hum and aesthetic problems (if you're fussy about wires as decorating accents). Don't put the turntable on speakers because you're flirting with acoustic feedback problems. To avoid hum, make sure speaker and power wires are well away from turntable leads.

The frequency response of your speakers is affected by their proximity to the walls and floor, and by wall and floor coverings. Ideally, you want to make an equilateral triangle with yourself and the two speakers positioned at the three points. If side walls are not similar, reproduction of the left and right channels will not be balanced and the stereo image will be hazy. Furniture and draperies may also cut treble.

The height of the mid-range and treble drivers should be close to the height of the listener's ear. Stands should be used to raise bookshelf speakers, which tend to over-emphasize lower frequencies when placed directly on the floor.

A quality speaker system will also sound substandard if placed on a thin, resonant floor. The ideal floor absorbs mid-range and treble frequencies and is very rigid. Pound it with your fist. If you don't get a rattly thud, it's probably all right.

As you can see, the variables affecting the performance of your stereo system are as numerous as the furnishings in the listening room. That's why you should visit your nearest JVC dealer listed in the back of this magazine. He doesn't just sell stereo; he knows stereo.

Now you're ready for JVC.

EARN OVER $650 A MONTH RIGHT THROUGH YOUR SENIOR YEAR.

If you're a junior or senior majoring in sciences like math, physics or engineering, the Navy has a program you should know about.

It's called the Nuclear Propulsion Officer Candidate-Collegiate Program (NUPOC-C for short) and if you qualify, you can earn as much as $650 a month right through your senior year. Then after 16 weeks of Officer Candidate School, you'll get an additional year of advanced technical education. This would cost thousands in a civilian school, but in the Navy, we pay you.

It isn't easy. There are fewer than 400 openings and only one of every six applicants will be selected. But if you make it, you'll have unequaled hands-on responsibility, a $24,000 salary in four years, and gilt-edged qualifications for jobs both in the Navy and out.

Ask your placement officer to set up an interview with a Navy representative when he visits the campus, or contact your Navy representative at 800-841-8000, or send in the coupon. The NUPOC-C Program. Not only can it help you complete college. It can be the start of an exciting career.

SELF-INSTRUCTIONAL LANGUAGE PROGRAM

THE FOLA 158 SERIES IS AN INNOVATION IN OUR COURSE OFFERINGS. THE PROGRAM IS ESSENTIALLY SELF-INSTRUCTIONAL. THE STUDENT SUPPLIES A BLANK TAPE AND, IN RETURN, RECEIVES A RECORDED TAPE WITH THE WEEKS LESSONS. THERE IS ALSO A MANUAL DESIGNED FOR SELF-INSTRUCTION WHICH THE STUDENT IS REQUIRED TO PURCHASE. A NATIVE-SPEAKING MONITOR WILL BE ASSIGNED TO DRILL THE STUDENT IN THE MATERIAL LEARNED FROM THE TAPE AND THE ACCOMPANYING MANUAL. EVERY EFFORT WILL BE MADE TO ARRANGE DRILL SESSIONS AT TIMES SUITABLE TO ALL PARTICIPANTS IN THE PROGRAM.

THERE WILL BE ONE FINAL EXAMINATION ADMINISTERED BY A QUALIFIED EXAMINER APPOINTED BY THE DIRECTOR. THE ENTIRE SEMESTERS GRADE WILL DERIVE FROM THIS EXAMINATION.

ENROLLMENT IN THE PROGRAM IS STRICTLY LIMITED AND IS BY PERMISSION OF DIRECTOR. APPLICATION FORMS ARE AVAILABLE IN LL 3106.

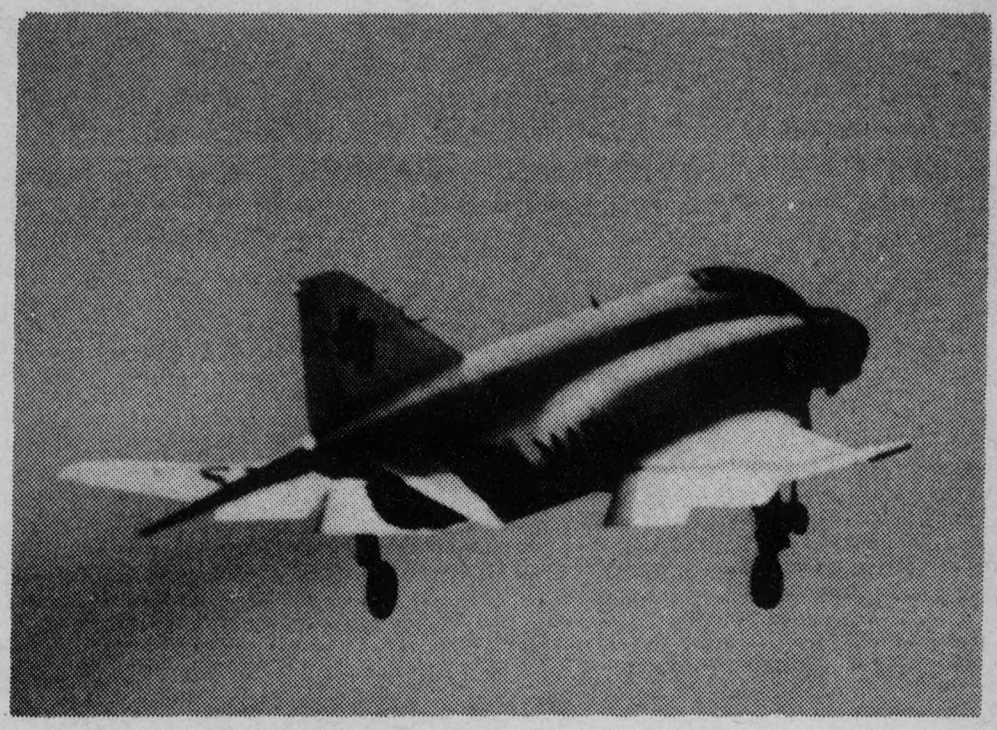
Q: Now that you've got all your classes (We hope!), how are you going to get across campus in time?

A: (Choose one:)
1) Fly.
2) Be late.
3) Take the Honda Express. See the Shopper's Guide and the ad on the back cover.



0 to 530 in seconds.

The F-4 Phantom. It can reach 30,000 feet in 60 seconds. If that sounds like your speed, maybe you can be one of us.

Would you sign up for a lifetime course in applied Christianity?

Our course will take you deep into the Third World, to some of the most depressed and oppressed places on earth.

To God's Country.

As a Maryknoll Missioner, you can share the love of God with these, His people. You can bring them hope and peace and dignity.

You will practice some very practical Christianity, too. You might set up adult education classes, show a starving farmer how to improve his crop, or a struggling worker how to improve his lot. Most of all, you will share the Gospel of Jesus Christ.

You will learn and keep on learning the rest of your life. You will learn and share their language, of course. But also their culture, traditions and, yes, their religion. You will learn the quality of joy that can only come from doing unto others, because all the while you give yourself to their lives, they give meaning to yours.

Please tell me more about a lifetime career as a Maryknoll Missioner.

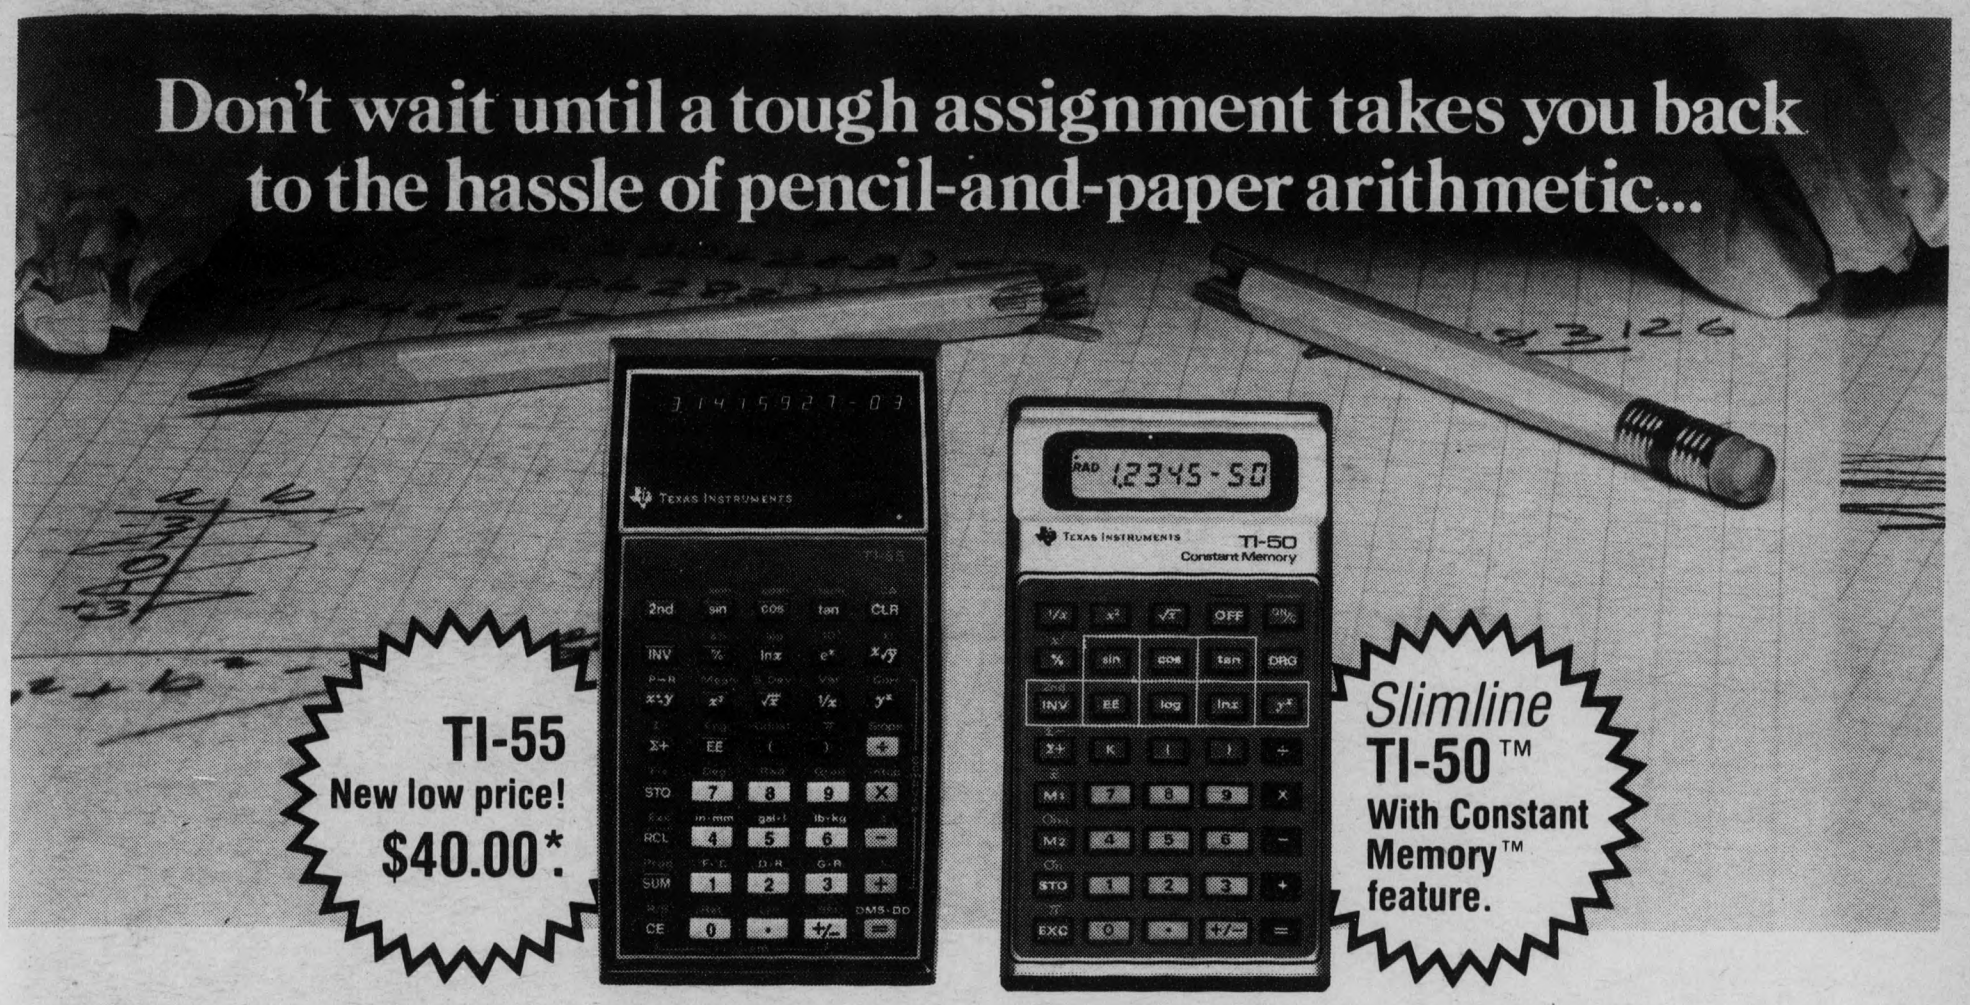
Don't wait until a tough assignment takes you back to the hassle of pencil-and-paper arithmetic...



Buy a powerful TI slide rule. For today...and tomorrow.

The key to buying the right calculator for college math is choosing one with all the power you need to handle the unexpected challenges — as well as the routine. These Texas Instruments slide rules provide both the power and the reliability you'll need to get through college and on into a career. Yet they're priced within a student's budget. That's the kind of value that has made the TI-55 and the *Slimline* TI-50™ so popular.

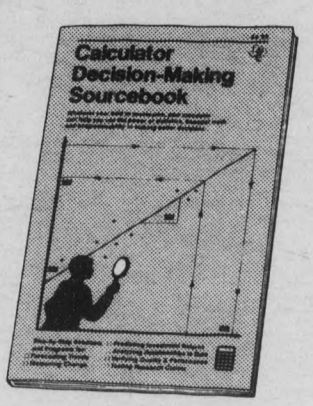
The TI-55. Power to handle the math and statistics you'll encounter in upper level and graduate courses.

The versatile TI-55 calculating system puts professional capabilities within reach of a student's budget. It provides the features needed to handle almost any mathematical operation, from logarithms and trigonometry to advanced statistical problems.

Thirty-two steps of programmability add impressive speed and accuracy to performing repetitive calculations and "what-if" analyses. Just teach the TI-55 a series of operations and key in the variables. The calculator does the work... *automatically!*

The Official Computer and Calculator Supplier of the 1980 Olympic Winter Games

For help in making quantitative decisions, the TI-55 includes the *Calculator Decision-Making Sourcebook*. This step-by-step guide, a $5.00 value, shows you how to put the power of statistics, financial math and programmability to work ... whatever your major ... with 140 pages of easy to understand, real-world applications.



Topics include analyzing relationships in data, verifying quality and performance, measuring change, forecasting trends and projecting returns. Its pages contain the basic keys to better decision-making you can use now and in the future.

The TI-55 and book with owner's manual, carrying case and ac adapter/battery charger are now available at a new, lower price. Only $40.00*.

The *Slimline* TI-50 packs 60 powerful functions into a handsome, compact package.

The pocket-portable *Slimline* TI-50 is a remarkably powerful liquid crystal display (LCD) calculator, yet it's as thin as a pencil and weighs only three ounces!

Its sixty versatile functions can help you handle a wide range of college math problems. Capabilities include common and natural logarithms. Six trigonometric operations that can be performed in three angular modes (degrees, radians or grads). Two constant memories that retain their contents *even when the calculator is turned off*. And more.

Seven built-in statistical functions simplify the task of boiling down large sets of data points so you can perform accurate analyses and draw reliable conclusions.

The power of the *Slimline* TI-50 is made easy to use by TI's AOS™ algebraic operating system, which provides 15 sets of parentheses and accepts up to four pending operations. That means you can enter most problems just as they're written, left to right.

Two miniature batteries provide up to two years of normal operation. And TI's APD™ automatic power down feature helps prevent accidental battery drain.

The *Slimline* TI-50 includes a detailed owner's manual and a durable vinyl wallet, still only $40.00*.

Be sure you have all the capability you need in a slide-rule calculator. See the TI-55 and the *Slimline* TI-50 at your college bookstore or other TI dealer today.

Polymer 'glass' sealant

Revolutionizes car-finish protection and keeps your car showroom bright for years — You'll never have to put wax on it again!

Available only as a service by new car dealers for $100 to $200. Now do it yourself in less than an hour for only $29.95!

The original GloSeal with Polyglass!* (Offered by direct order only, not available in any store, 16 oz. bottle, enough for 2-3 average-sized cars.)

Professionally recommended for: ■ Cars ■ Trucks ■ Buses ■ Boats ■ Surfboards ■ Airplanes ■ All metals ■ Appliances ■ Fiberglass surfaces ■ Skateboards ■ Motorcycles & Bicycles ■ 4-wheel & Off road vehicles ■ RV's & Vans ■ Industrial uses

The elements vs. your once beautiful car... You've probably experienced it. Your treasured, shiny new automobile gradually fades and dulls. Oxidation sets in and the once brilliant, glossy finish turns chalky and washed out. Even hours of waxing and buffing can't recapture that new car look...Until this new chemical science discovery...

Never put wax on your car again... GloSeal* is not anything like a simple wax or polish. It is actually a miracle polymer glass formulation serving as a powerful sealant and a beautiful exterior finish. When applied to your car's finish and chrome its **Electromolecular Action literally fuses it to the surface,** locking in a brilliant shine for years. GloSeal* with Polyglass actually changes the molecular structure of your car's finish. It penetrates through the old wax and binds itself with the surface.

GloSeal* with Polyglass is impenetrable, nonporous and virtually impervious to damaging air pollutants, car-wash detergents, salt air and water, hot burning sun, cold winter winds, grease, wax, acids contained in eggs and shaving cream, ultraviolet rays and even fire damage. It also provides a brilliant, rich shine to your car's finish, keeping up the appearance and the value of your expensive investment.

Prevents oxidation from starting on new cars...and actually removes it from used models! GloSeal* is literally a *Glass Shield* that becomes part of your car's finish. Your new car's paint is guaranteed not to oxidize... for up to 3 Years! Then GloSeal* it again for years more of protection. On used cars, GloSeal* will actually remove the surface oxidation, add gloss, and stop normal oxidation for 1 year before you need to reapply. It is similar to covering your car with an impenetrable coat of polyurethane.

Important:

Many other "polymer" car care products are ordinary silicone-based formulations, similar to a synthetic wax, as evidenced by their wax-like feel. GloSeal with Polyglass is an entirely different product. It is far more advanced, glass-like, slicker, providing a better, "electromolecular" adhesion. The result is a richer, deeper gloss than you have ever seen before, plus months of extra "Glass enclosed" protection!*

Enamel spray paint can't even get through the clear glass shield . . . When this *new professional automotive product* is demonstrated to car dealers, the "spray paint test" is used. GloSeal* is applied to a car's hood following the instructions. Then enamel paint is sprayed directly on it, along with Magic Marker and other solvents. Then, to the observers' astonishment, all of these are wiped off the hood with a mere cloth. Nothing, not even dirt and dust can adhere to the surface!

No rubbing, labor, or buffing equipment needed... GloSeal* goes on easily and quickly. You wipe it on, let dry, and then wipe it off. It takes only a few minutes — less than an hour. Between washes just wipe your car with a damp cloth to reactivate its brilliant dirt and dust-repelling shine.

The incredible GloSeal* "Brilliance and Protection Guarantee"...If after using it, you are not pleased for any reason, return the unused portion within 2 weeks of receipt for a prompt refund of the entire purchase price. Further, if you apply and maintain according to the instructions and GloSeal* does not protect your new car for 3 years or your used car (90 days old or more) for 1 year, we'll return your small investment on a prorated basis. (Note: GloSeal* is 100% safe to use — it can be removed with mineral spirits).

A NOTE ABOUT PHIL 170, PHIL 173, AND PHIL 371

OF THE THREE INTRODUCTORY LOGIC COURSES, PHIL 170 PROVIDES THE STUDENT WITH A BROAD UNDERSTANDING OF THE FIELD OF LOGIC, IN BOTH ITS TRADITIONAL AND ITS MODERN FORMS. PHIL 173 CONCENTRATES ON APPLICATIONS, USING LOGIC TO UNCOVER THE DEDUCTIVE STRUCTURE OF PUBLISHED MATERIAL WRITTEN IN A DIVERSITY OF LITERARY STYLES. PHIL 371 ENABLES THE STUDENT TO DEVELOP SKILL IN USING THE TECHNIQUES OF MODERN SYMBOLIC LOGIC, AND AN UNDERSTANDING OF SOME OF ITS UNDERLYING PRINCIPLES.

ALL THREE COURSES ATTEMPT TO DEVELOP IN STUDENTS A HEIGHTENED SENSITIVITY TO LOGICAL FORM, LOGICAL FALLACY, AND THE LOGICAL NUANCES OF ORDINARY LANGUAGE.

We have it on high authority that sharing the ride is a very good idea.

It made sense to Noah. After all, it was a whole lot more economical and efficient to get together and share the ride than it would have been for everybody to go their own way. And that still holds true today.

Sharing the ride with just one other person can cut your commuting costs in half.

Think about it.

Share the ride with a friend. It sure beats driving alone.

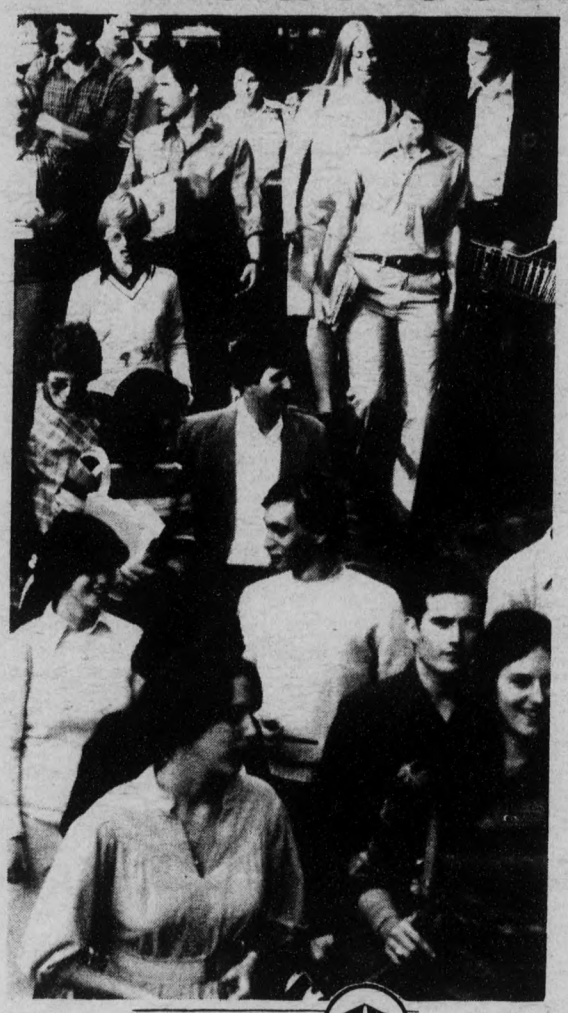
6,000 WAYS WE HELP STUDENTS GO TO COLLEGE.



Army ROTC has more than 6,000 four-, three-, and two-year scholarships in effect at any given time. And, each year, hundreds are available for which your students can compete.

Scholarships cover tuition, books, and lab fees, and pay students a living allowance of up to $1000 for each academic year the scholarships are in effect.

Our four-year scholarships may be used at 280 colleges and universities across the country. Three- and two-year scholarships may be used at more than 600 additional institutions. Schools where students can earn both a commission and a college degree.

So if you'd like to see more of your students headed for college, show them the way. Army ROTC.

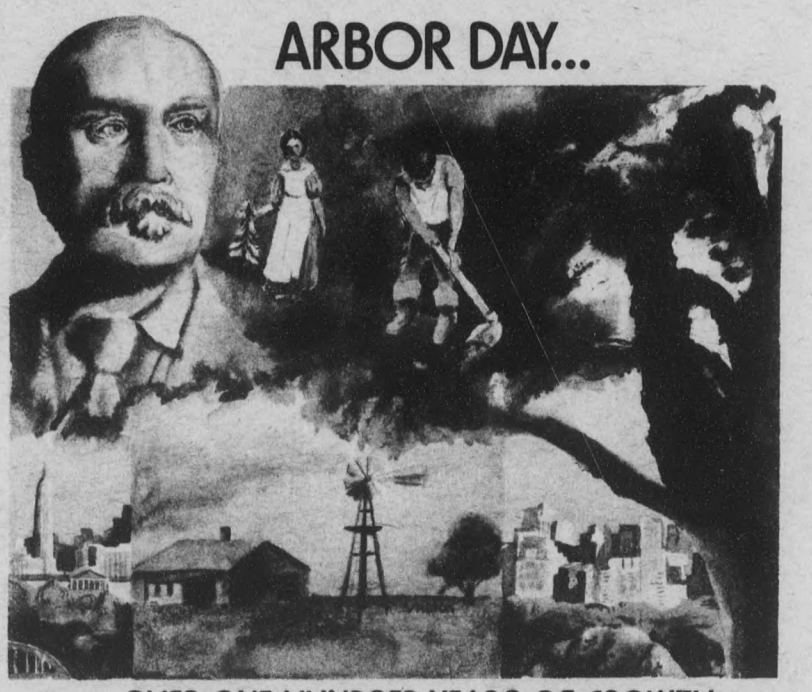
ARBOR DAY...



OVER ONE HUNDRED YEARS OF GROWTH

When the first Arbor Day was celebrated in 1872, parts of the west were known as "The Great American Desert." Today that "desert" is a garden and Arbor Day is not only observed in all fifty states, but around the world as well. This year, plant a tree for a greener, brighter tomorrow. Plant a tree for Arbor Day.

Small organization has openings for young executives. Good pay, good future, job satisfaction.

We're the Coast Guard.

We may be small (about 37,000 strong) but our jobs are some of the most important ones in the country.

As you probably know, we're in the business of saving lives and property.

But we're also charged with protecting our coastlines, our Great Lakes, our waterways. Regulating the new 200-mile fishery conservation zone. Intercepting narcotics trafficking. Monitoring the vessels that come and go at all of our major ports.

Big jobs. Requiring top people.

That's why we need good, qualified, ambitious men and women.

Put your Bachelor's Degree to work.

We're especially interested if you have a technical degree—in engineering, science, mathematics, or computers. We've got the work that takes your special talents and skills.

Once you finish officer's candidate school—18 weeks in Yorktown, Virginia—we'll give you a job with responsibility. You work with the most advanced equipment and technology known. It's good work, good surroundings, with men and women of your talent and abilities.

The benefits. And the rewards.

A starting salary of over $10,000 that can increase by over 40% in your first three years with normal promotion and seniority raises.

Free medical and dental care. A quarters allowance. Tuition assistance for off-duty education. Thirty days of paid vacation a year.

And a generous retirement plan for those who make the Coast Guard a career.

Plus the reward of performing in an organization that is considered the very best in the nation.

How to apply.

See your college placement office, or call toll free 800-424-8883 (except Wash. D.C., Hawaii, Alaska) for more information.

The Coast Guard needs officers. What other company will make you an officer and give you a job fitting your title after 18 weeks?

NOTES

Sansui's new G-4700 double-digital receiver has all the right numbers.

Digital readouts and digital tuning. Great specs. And the best price/performance ratio you can find. All the right numbers. That's the new Sansui G-4700.

Sansui's patented Digitally Quartz-Locked Tuning System ensures perfect tuning at all times. And dramatically improves FM performance.

The pure power DC amplifier responds quickly to all music signals. So what you hear is clean and sharp, just the way it was recorded. There's plenty of power for almost any speaker made. And you can monitor and control the output by looking at the bright electronic LED peak-power level indicators.

Ask your Sansui authorized dealer to demonstrate all that the G-4700 offers. Listen to the music. You'll love what you hear. Look at the numbers. You'll love what you see.

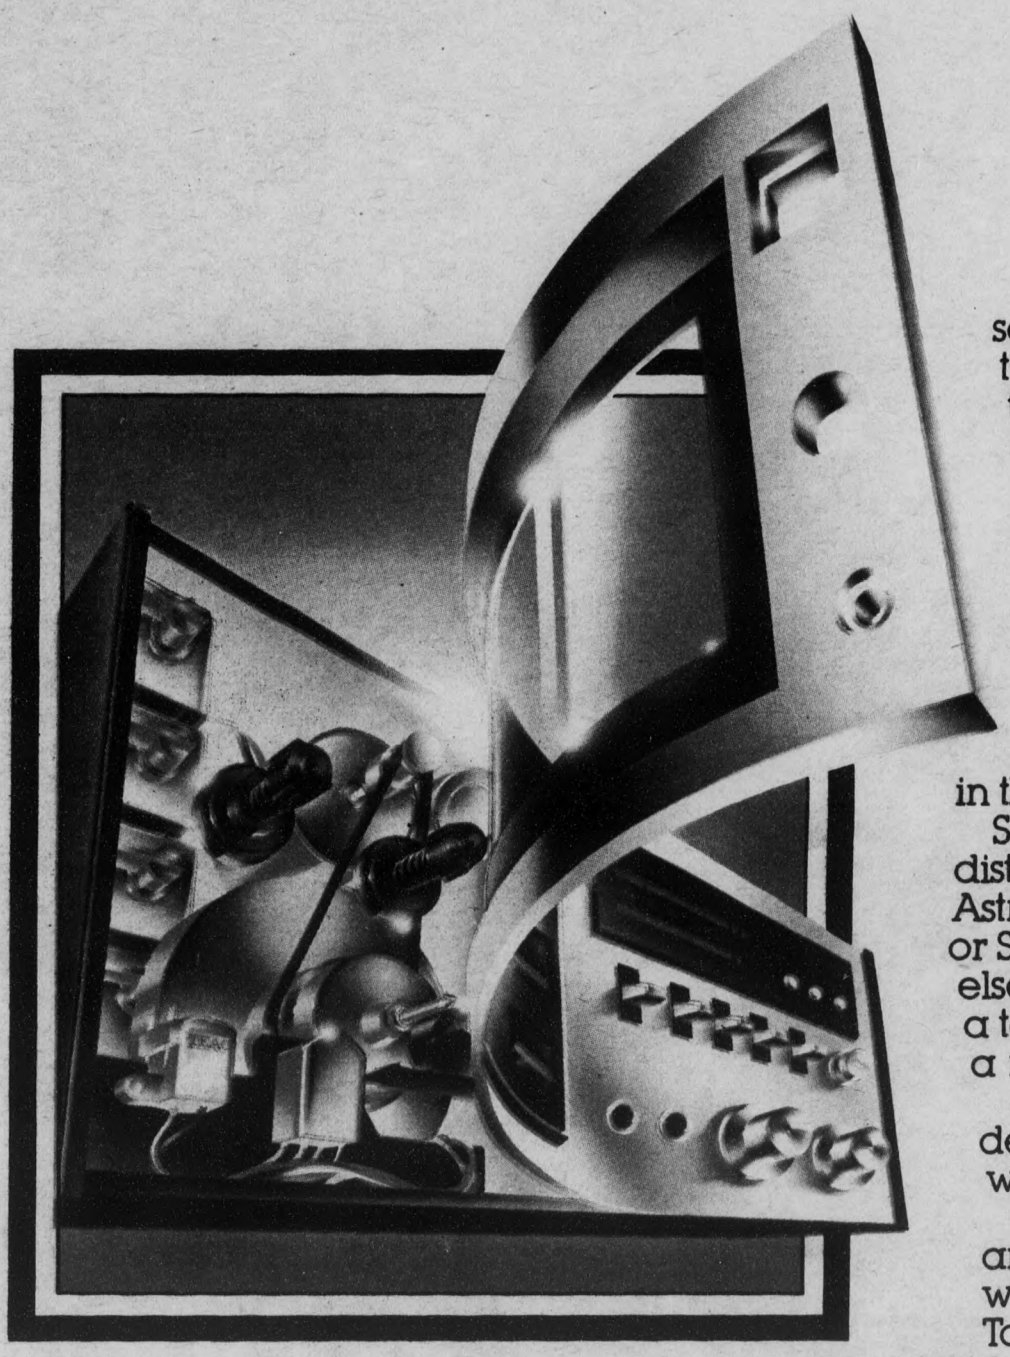
TEAC

WE'VE GOT THE GUTS.



Look inside any tape recorder and you'll find the parts that really matter. The parts that define the ultimate quality of your sound. The transport mechanism.

Transports must work in a world of micro-tolerances. A millionth of an inch error can ruin your audio quality. Because when the transport errs, no amount of electronic wizardry can replace the lost fidelity.

Consider the TEAC transport. Capstans formed on computer-controlled lathes and perfected on industrial micro-grinders. Massive flywheels, inertially balanced. Solenoids typically twice the size and power of those used in other decks. Belts that are tested for dimensional stability under the most severe temperature, humidity and atmospheric conditions.

The results of this specialized design and manufacturing technology are unusually high levels of accuracy, stability and durability. Proven qualities that make a TEAC sound better initially and maintain its sonic integrity after years of use.

Often, to reach these performance criteria, we've found current state-of-the-art concepts lacking. So through the years, we've introduced new technologies.

Like the first cassette deck with integral Dolby* noise reduction in 1971. And the first cassette transport to break the 0.1% wow & flutter barrier in 1973. Designs that helped make the cassette deck a respectable high fidelity component.

Today, we're producing cassette components with instrumentation drive systems. Mechanisms taken right out of our own data recorders. These transports are built to withstand continuous read/write use in computer installations. Where mega-dollars are at stake. And reliability is everything.

Soon you'll see the first popularly priced cassette decks with integral dbx** noise elimination. Originally designed for open reel recorders in professional recording studios, the dbx system gives you sound so quiet, so noise-free, it's scary.

Twenty-five years of specialization has taught us that design balance is critical for quality sound reproduction. So you'll find that balance in every TEAC.

The proof is in the results. That's why more professional recordists rely on TEAC machines than any other make in the world.

So next time you're distracted by an Astro-this, Fluoro-that or Spectro-something else, remember: a tape recorder is a machine.

How well it works depends on how well it's made.

Look into a TEAC, and you'll find that we've got the guts.

To show you what's inside. To let you evaluate our performance. To make you the final judge.

To us, it's a matter of craftsmanship. To you, a matter of decision. Because when you peel away the bells and whistles, you find the real measure of every tape recorder. Especially ours.

For more information, see your TEAC Audio dealer.

Easy come. Easy go. Easy to start. And very smart!

In case you haven't caught on yet, Honda's making it hard for you not to love the amazing little Honda Express.™

Its genius is its simplicity. No pedals to push. No gears to shift. And it starts with a quick turn of the key, tap of the foot and squeeze of the lever.

Zip to school, stop and shop, scoot to work, run on down to where you do your running — the Honda Express delivers you in style.

At only pennies a mile.

As you can see, the Honda Express expresses itself with two distinct personalities for 1979. The snappy, popular standard Express. The rakishly styled Express™II with its new comfort-contoured saddle.

Any way you go, with up to 100 miles to the gallon and no major service for a year or a thousand miles, is there a cheaper motorized way of going? Or a smarter way?

If it all sounds too good to be true, remember this: Honda's always made the incredible look easy.

And now for the kicker. There's another nice feature on the Honda Express — its price. Just see your nearby Honda motorcycle dealer and discover how easy it is to buy.

C'mon America, get on the Honda Express.

Always wear a helmet and eye protection when riding. Check local laws. Operator's license required. Baskets available as an option. Not available in Wa. Designed for operator use only.
